Draw a Gingerbread House in Two-Point Perspective

Student | Task 1 of 4 | A4

Original prompt

Task 1: Set up the frame. Draw a horizon line, mark a left vanishing point and a right vanishing point, and place a single near vertical corner for the house below the horizon.

Draw a Gingerbread House in Two-Point Perspective

Student | Task 2 of 4 | A4

Original prompt

Task 2: Build the two wall faces. From the near corner, draw the left face toward the LVP and the right face toward the RVP, ending each with a vertical back corner and closing each face.

Draw a Gingerbread House in Two-Point Perspective

Student | Task 3 of 4 | A4

Original prompt

Task 3: Add the roof. Build a gabled roof above the two walls. Send its level ridge and eaves toward the points for their horizontal directions. Connect the eave corners to the ridge with sloping edges.
