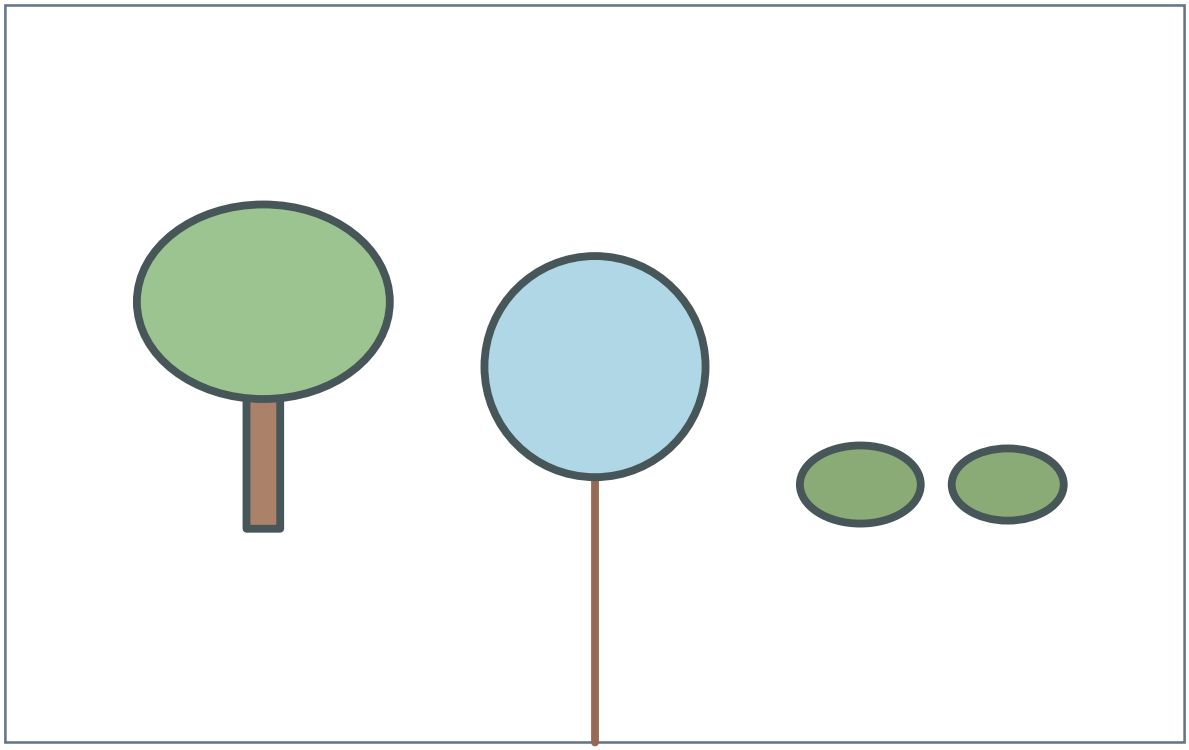
Original prompt

Card: 'Draw a small round pond in the middle of the page. Put one tall tree on the left side of the pond and two short bushes on the right side. Draw a path from the bottom of the page to the pond.'



Answer

A centered circle for the pond; one tall tree drawn to the left of the circle; two short bushes drawn to the right; a line from the bottom edge of the page up to the circle. Rough shapes are acceptable; placement and count are what matter.

Reasoning

The card names four elements (pond, one tree, two bushes, path) and gives position words (middle, left, right, bottom). A faithful sketch includes all four in those positions.

Check

Read the card again and tick each named element: pond present and centered, one tree on the left, two bushes on the right, path from bottom to pond. If any is missing or misplaced, revise.
