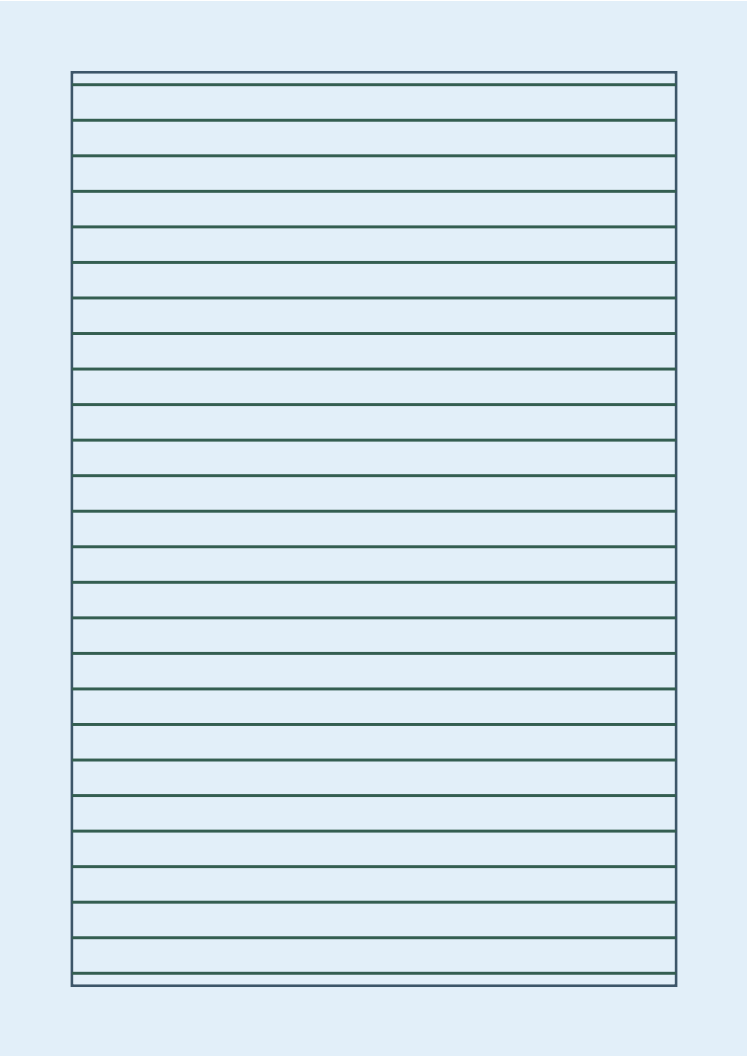
Light Blue A4 Paper

Reference l Worked example l A4

Original prompt

Worked example: draw a light-blue A4 sheet with a 20 mm margin frame and horizontal ruling inside the frame.



A4 layout shown at 47% l example margin 20 mm

Answer

Draw the portrait A4 outline, fill it pale blue, draw a closed frame 20 mm from each edge, then add evenly spaced horizontal lines inside the frame only.

Reasoning

The tint identifies the sheet, the frame defines the writing area, and the ruling stays inside the frame so the margin remains clear.

Check

Check that the frame is closed, sits inside the sheet edge, and that no ruling line crosses the frame.
