Draw Tens and Ones Worksheet

Answer key / Task 1

Represent 24 using ten-rods and single unit squares. Label the tens and ones columns.

Answer: 2 tens and 4 ones; 20 + 4 = 24.

Group ten unit squares into one ten-rod; leave fewer than ten single units.

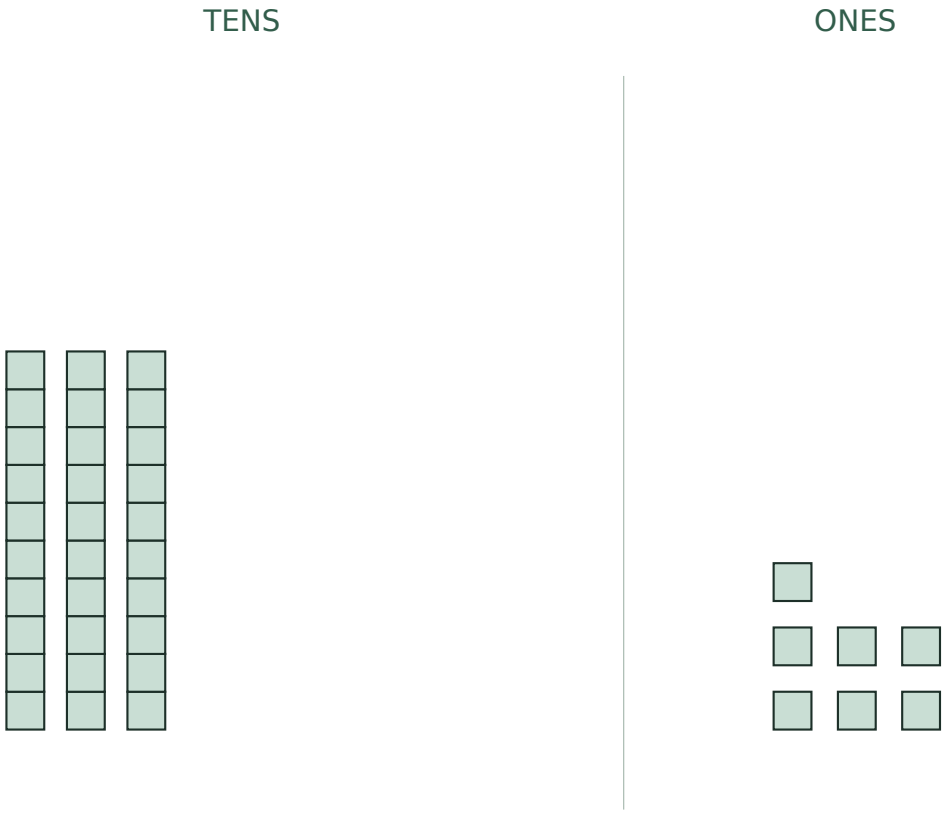

Check: 2 x 10 + 4 = 24.

Draw Tens and Ones Worksheet

Answer key / Task 2

Represent 37 using ten-rods and single unit squares. Label the tens and ones columns.

Answer: 3 tens and 7 ones; 30 + 7 = 37.

Group ten unit squares into one ten-rod; leave fewer than ten single units.

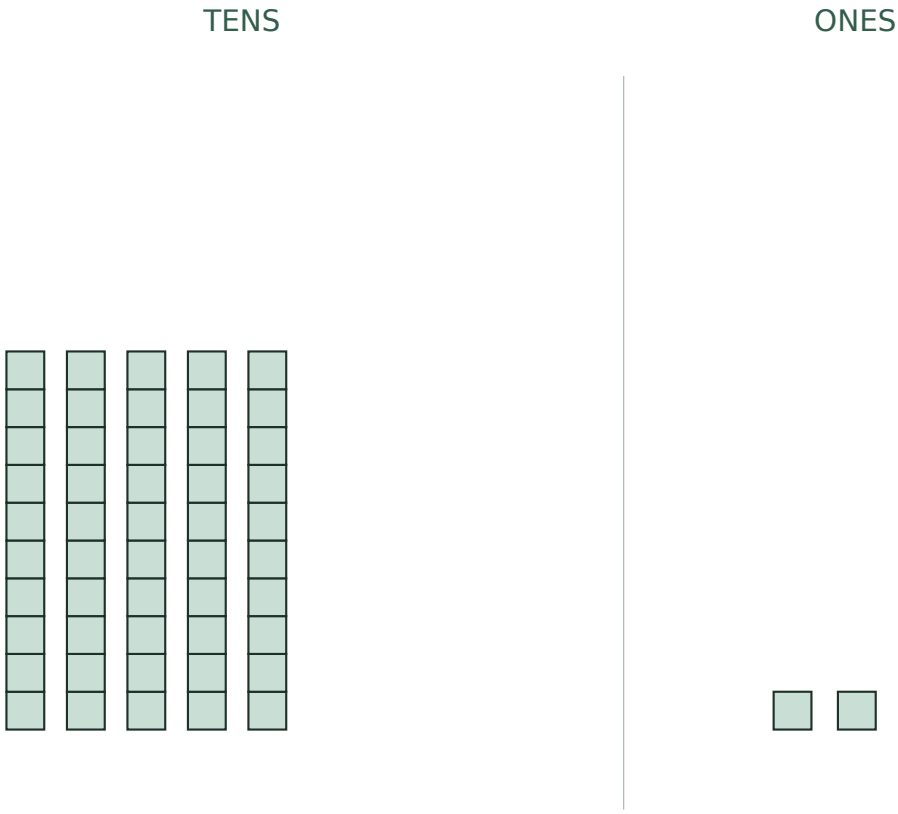

Check: 3 x 10 + 7 = 37.

Draw Tens and Ones Worksheet

Answer key / Task 3

Represent 52 using ten-rods and single unit squares. Label the tens and ones columns.

Answer: 5 tens and 2 ones; 50 + 2 = 52.

Group ten unit squares into one ten-rod; leave fewer than ten single units.

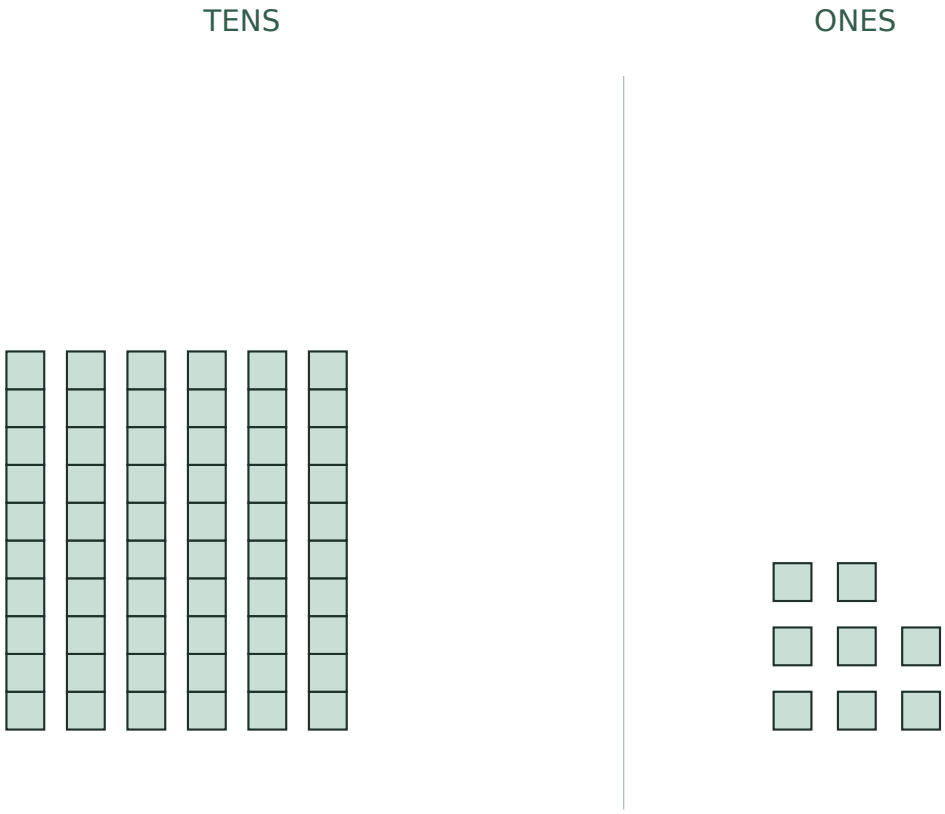

Check: 5 x 10 + 2 = 52.

Draw Tens and Ones Worksheet

Answer key / Task 4

Represent 68 using ten-rods and single unit squares. Label the tens and ones columns.

Answer: 6 tens and 8 ones; 60 + 8 = 68.

Group ten unit squares into one ten-rod; leave fewer than ten single units.

Check: 6 x 10 + 8 = 68.
