Draw an Array on Grid Paper

Answer key / Task 1

Draw an array with 3 rows and 4 columns. Write its multiplication equation.

Answer: 3 x 4 = 12.

3 rows x 4 columns

Each of the 3 rows or groups contains 4 counters.

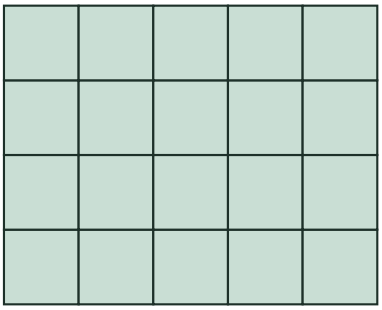

Check: 3 x 4 = 12; 12 / 3 = 4.

Draw an Array on Grid Paper

Answer key / Task 2

Draw an array with 4 rows and 5 columns. Write its multiplication equation.

Answer: 4 x 5 = 20.

4 rows x 5 columns

Each of the 4 rows or groups contains 5 counters.

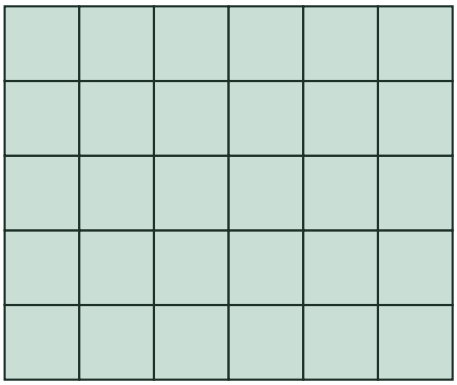

Check: 4 x 5 = 20; 20 / 4 = 5.

Draw an Array on Grid Paper

Answer key / Task 3

Draw an array with 5 rows and 6 columns. Write its multiplication equation.

Answer: 5 x 6 = 30.

5 rows x 6 columns

Each of the 5 rows or groups contains 6 counters.

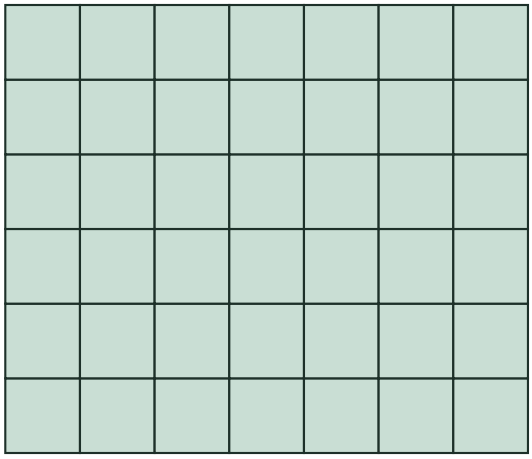

Check: 5 x 6 = 30; 30 / 5 = 6.

Draw an Array on Grid Paper

Answer key / Task 4

Draw an array with 6 rows and 7 columns. Write its multiplication equation.

Answer: 6 x 7 = 42.

6 rows x 7 columns

Each of the 6 rows or groups contains 7 counters.

Check: 6 x 7 = 42; 42 / 6 = 7.
