Fraction Grid Paper

Practice / Task 1

Shade 1/4 of the 100-square grid. State how many squares you shaded and write the decimal.

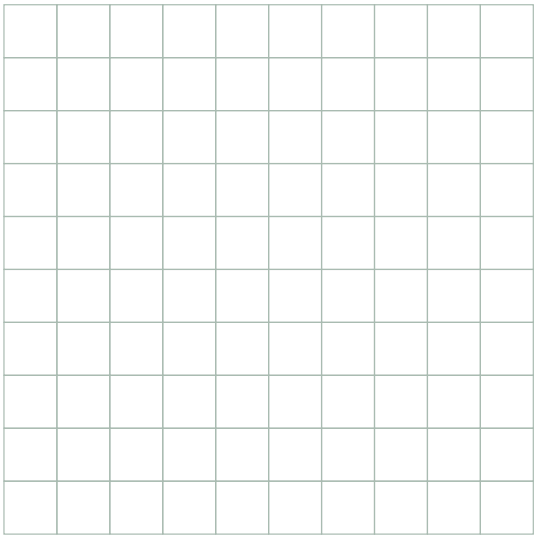

One whole = 100 equal squares

Your reasoning / calculations / check:

Fraction Grid Paper

Practice / Task 2

Shade 2/5 of the 100-square grid. State how many squares you shaded and write the decimal.

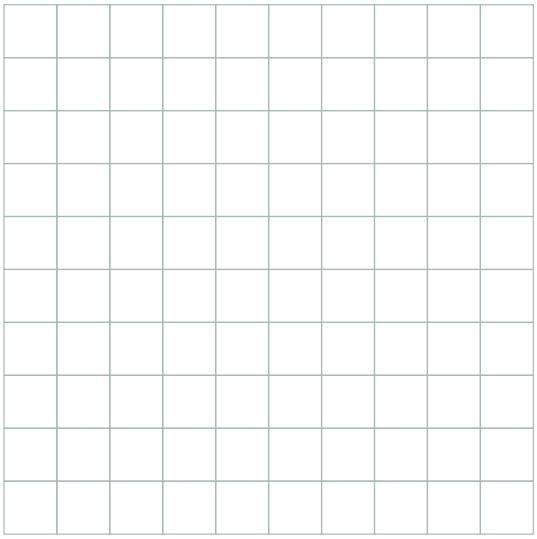

One whole = 100 equal squares

Your reasoning / calculations / check:

Fraction Grid Paper

Practice / Task 3

Shade 3/10 of the 100-square grid. State how many squares you shaded and write the decimal.

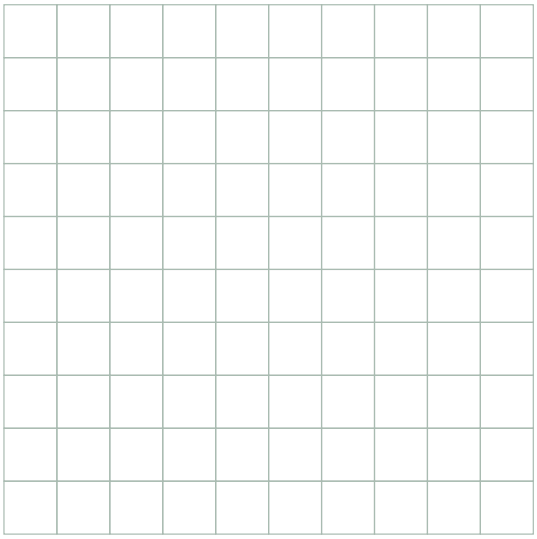

One whole = 100 equal squares

Your reasoning / calculations / check:

Fraction Grid Paper

Practice / Task 4

Shade 7/20 of the 100-square grid. State how many squares you shaded and write the decimal.

One whole = 100 equal squares

Your reasoning / calculations / check:
