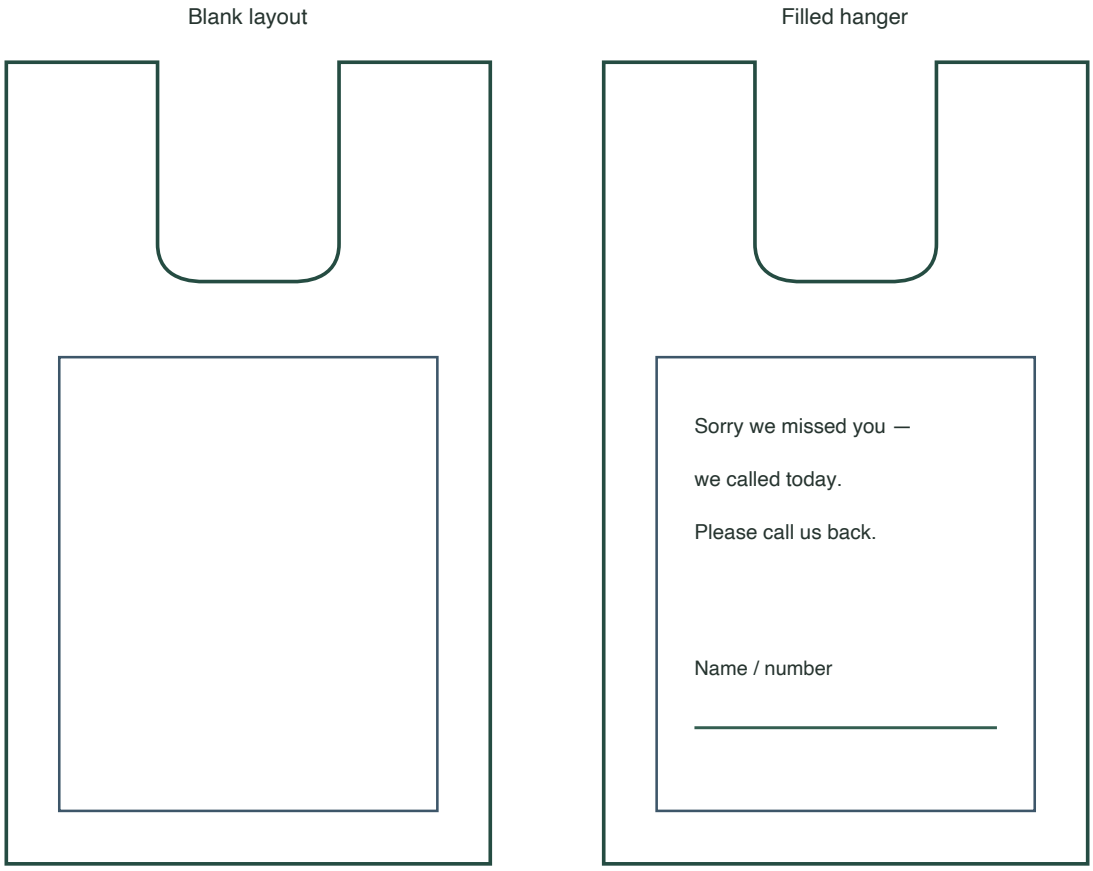
Sorry We Missed You Door Hanger

Reference | Worked example | A4

Original prompt

Draw a filled 'Sorry We Missed You' door hanger in two stages: first the layout with trim line, hanging slot, and message field; then the same card with the note written in.



Answer

Stage one: a closed trim line outlines the card; a rounded hanging slot sits at the top center; a rectangular message field sits below the slot with even margins on all sides. Stage two: the same card with the note 'Sorry we missed you — we called today. Please call us back.' written inside the message field, a blank name/number line beneath it, and the slot and trim line unchanged.

Reasoning

The card perimeter locates the notch and the message field. Text within the field is easier to read after cutting. Test the paper copy on the intended handle to check clearance and balance.

Check

Check the three parts: slot centered and clear of the field; all text inside the field with a margin to the trim line; trim line a closed outline with no gaps.
