Draw a Focal Point

Student | Task 1 of 4 | A4

Original prompt

Task 1: On a field of repeated soft shapes, create one focal point using contrast of value only. Keep every other element the same.

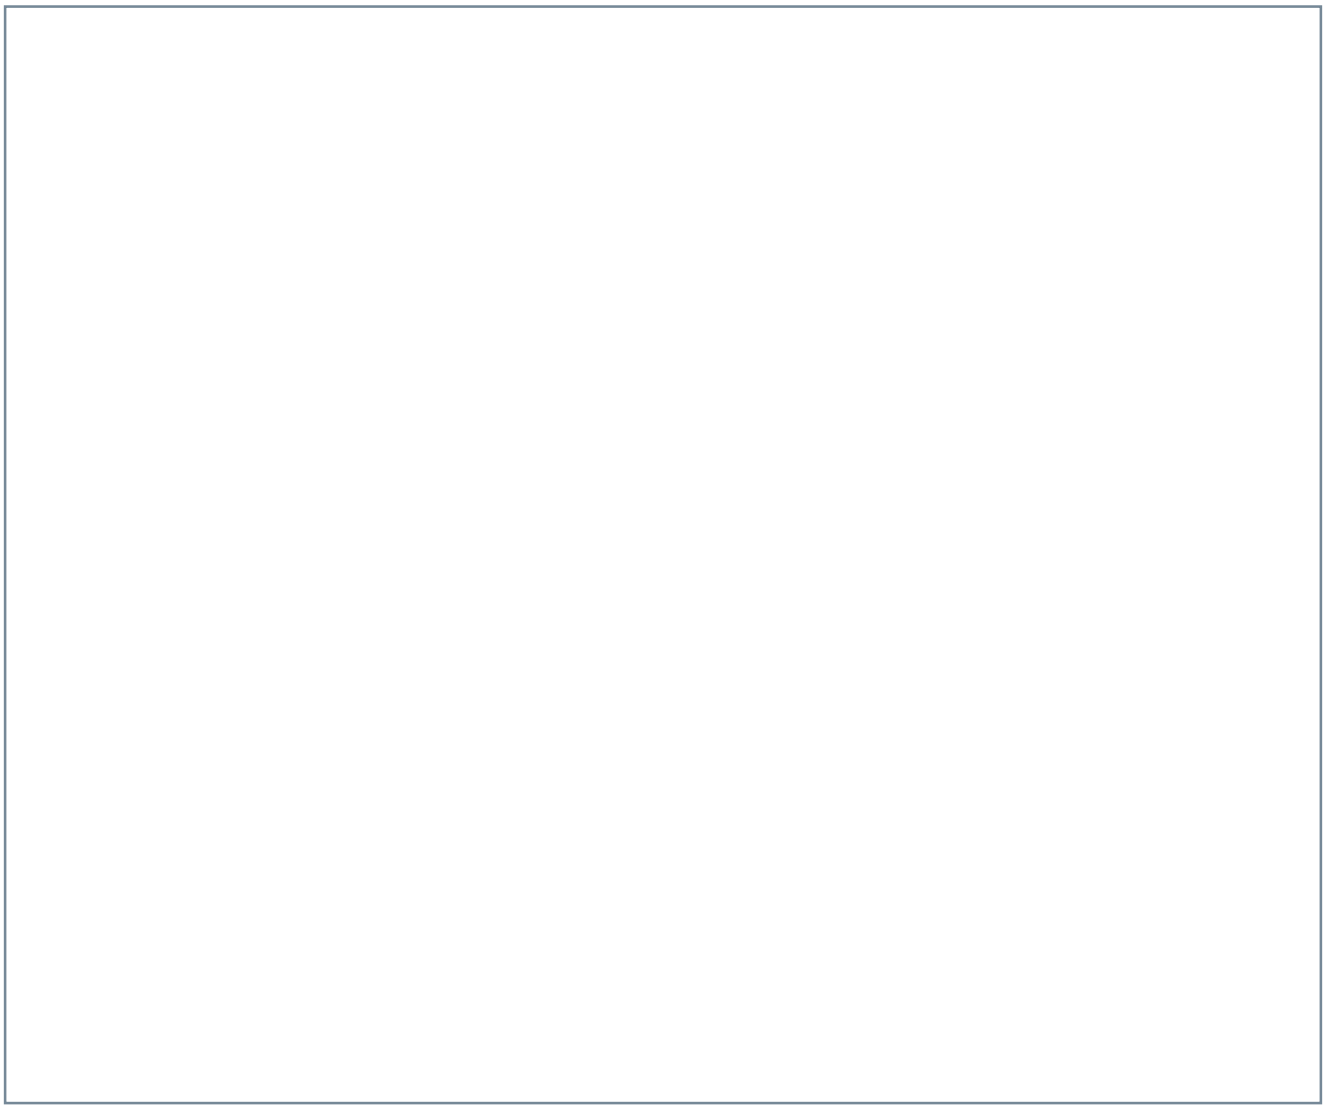
Draw a Focal Point

Student | Task 2 of 4 | A4

Original prompt

Task 2: Create one focal point using contrast of edge, with one sharp-edged shape among soft-edged shapes.

Your drawing and observation



Draw a Focal Point

Student | Task 3 of 4 | A4

Original prompt

Task 3: Draw the same focal element in three placements on identical fields: centered, on a third-line intersection, and near an edge. Mark which reads strongest.

Your drawing and observation

Draw a Focal Point

Student | Task 4 of 4 | A4

Original prompt

Task 4: Redraw a simple scene from the reference plate, then move its focal point to a new placement and explain how the emphasis changed.

Use the supplied sailboat observation plate for your first layout.
