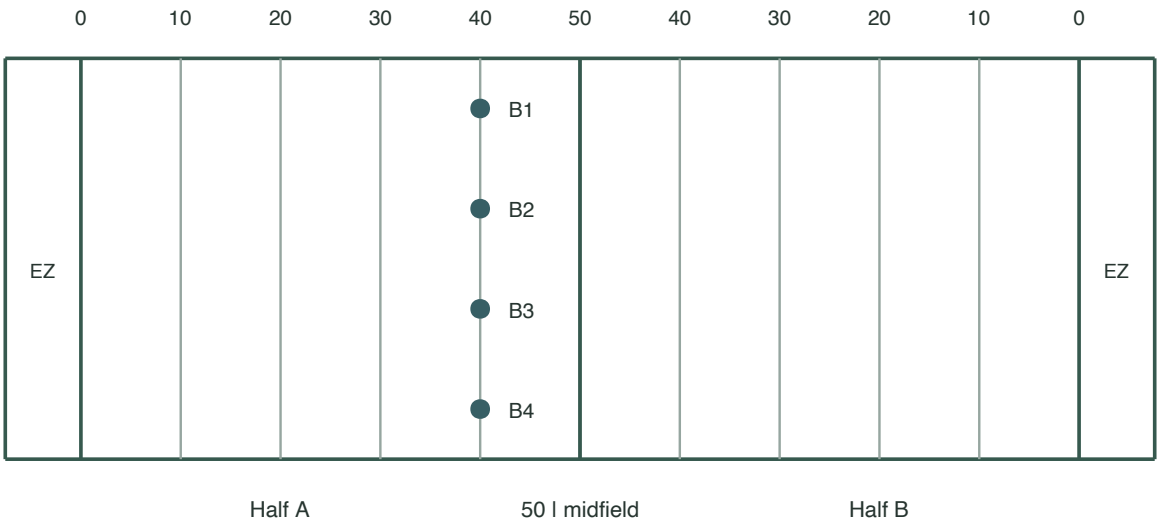
Marching Band Drill Chart

Reference I Reference plate I A4



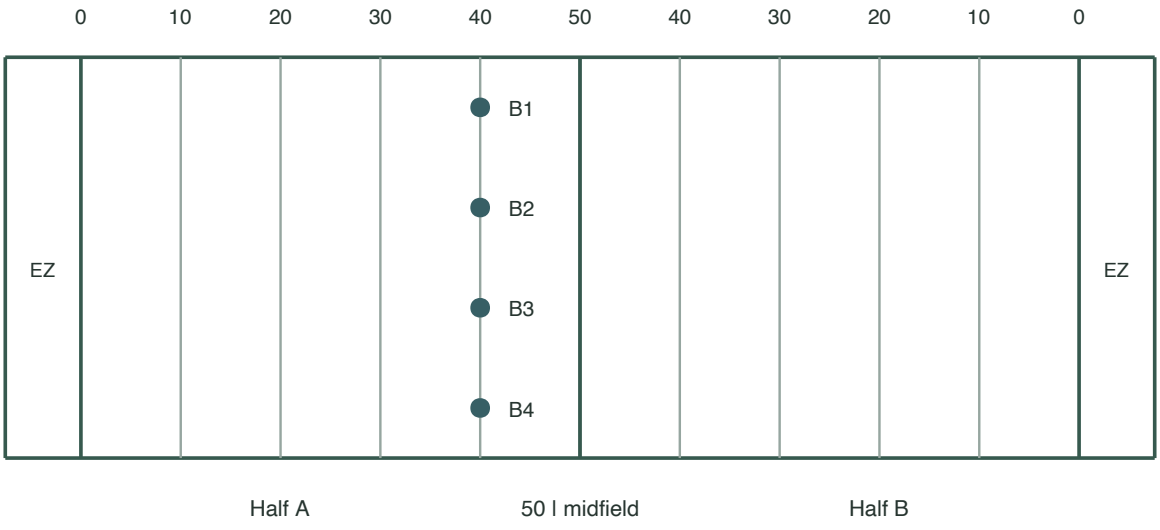
Circle: brass. Equal intervals in half A.

Marching Band Drill Chart

Reference | Worked example | A4

Original prompt

Build a small drill grid for a four-performer brass line and place them on the 40-yard line, evenly spaced across the field.



Circle: brass. Equal intervals in half A.

Answer

Place four matching brass circles on half A's 40-yard line at equal lateral intervals. Label them B1 to B4 and add a key naming the symbol and spacing rule.

Reasoning

The grid gives a readable field frame; the 40-yard line fixes the front-to-back position; even lateral intervals make the line visually checkable.

Check

Confirm all four symbols sit on the 40-yard line, the intervals look equal, labels do not overlap, and the key explains the symbol and spacing choice.
