Pool Rules Sign

Prompt

Lay out a printable pool rules sign titled 'POOL RULES' with three editable rule lines and a footer, inside a border frame.

Answer

Place POOL RULES in the title band. Write Keep food off the table as rule 1, Wait until the table is clear as rule 2, and Rack before you break as rule 3. Add Enjoy your game in its own footer below the list.

Reasoning

The title band names the sign, the numbered list is the editable part with one rule per line, and the footer closes the sign; the frame holds the parts together.

Check

Confirm the frame encloses title, all three numbered lines, and footer, and that numbers run 1 to 3 with no gaps.
