Perspective Drawing Studies

Student | Task 1 of 4 | LETTER

Original prompt

Task 1: Draw a horizon line low on the sheet with two vanishing points, and construct a single box sitting above the horizon. Show its underside and check convergence.

Your construction and straightedge check

Perspective Drawing Studies

Student | Task 2 of 4 | LETTER

Original prompt

Task 2: Draw a horizon line high on the sheet with two vanishing points, and construct a single box below the horizon. Show its top face and check convergence.

Your construction and straightedge check

Perspective Drawing Studies

Student | Task 3 of 4 | LETTER

Original prompt

Task 3: Draw a horizon line through the middle of the sheet and construct a box that crosses it, so the horizon passes through the box's vertical side faces. Check convergence.

Your construction and straightedge check

Perspective Drawing Studies

Student | Task 4 of 4 | LETTER

Original prompt

Task 4: Draw a horizon line and two vanishing points, then construct two boxes at different heights — one above and one below the horizon — and check that each box's receding edges meet the correct vanishing point.

Your construction and straightedge check
