Draw a Logo in Perspective

Student | Task 1 of 4 | A4

Original prompt

Task 1: Draw a triangular logo in one-point perspective. Place a horizon line and vanishing point, draw a triangle front face, project its corners back, and complete the receding form.

Draw your own construction

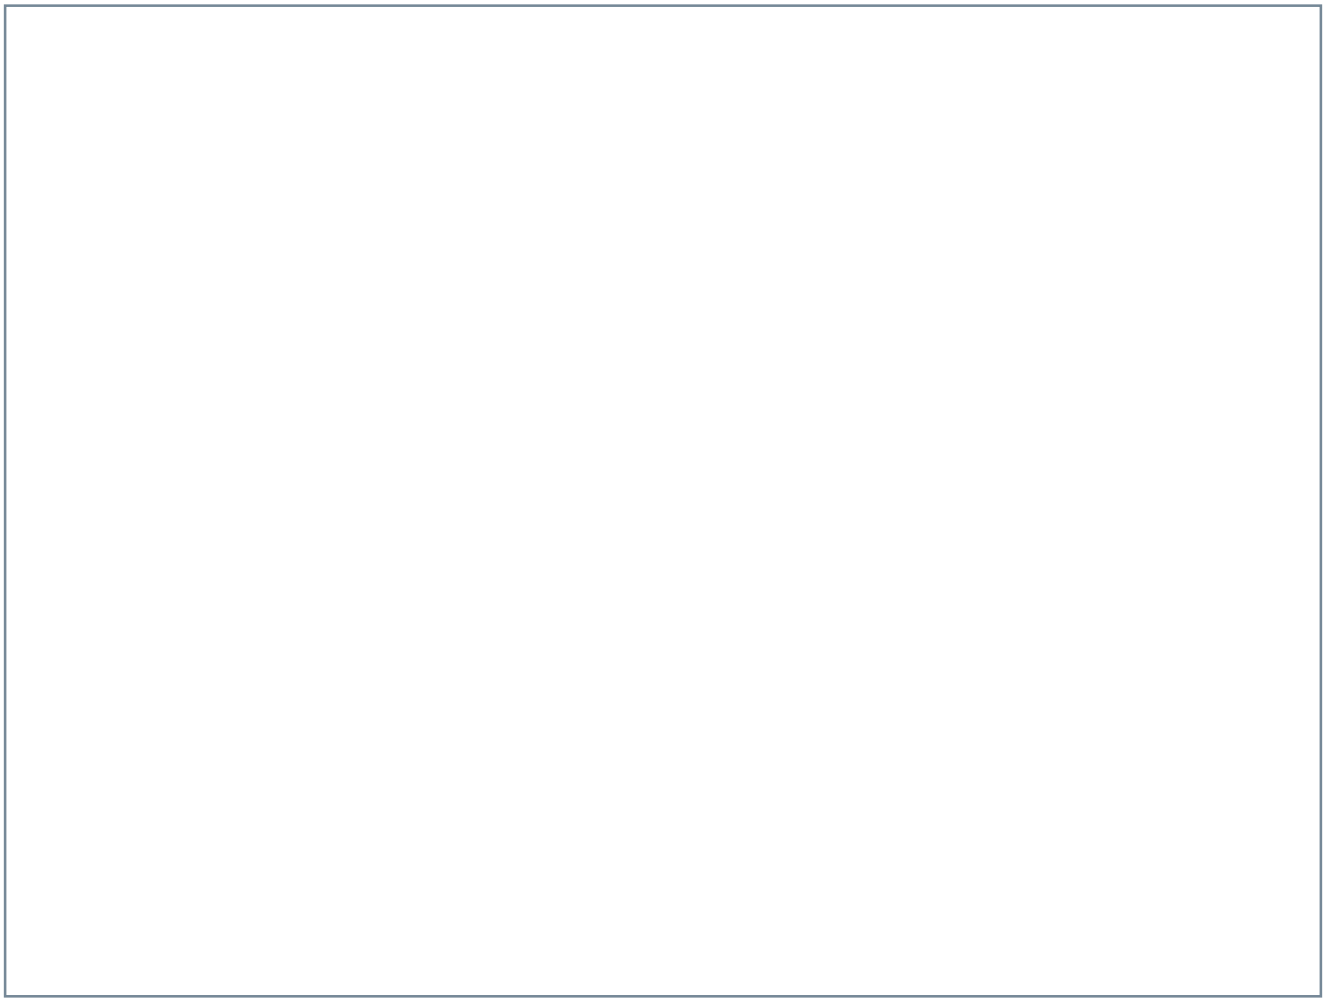

Draw a Logo in Perspective

Student | Task 2 of 4 | A4

Original prompt

Task 2: Draw a circular logo in one-point perspective. Draw a circle front face, project its outline back toward the vanishing point, and complete a receding ring form.

Draw your own construction

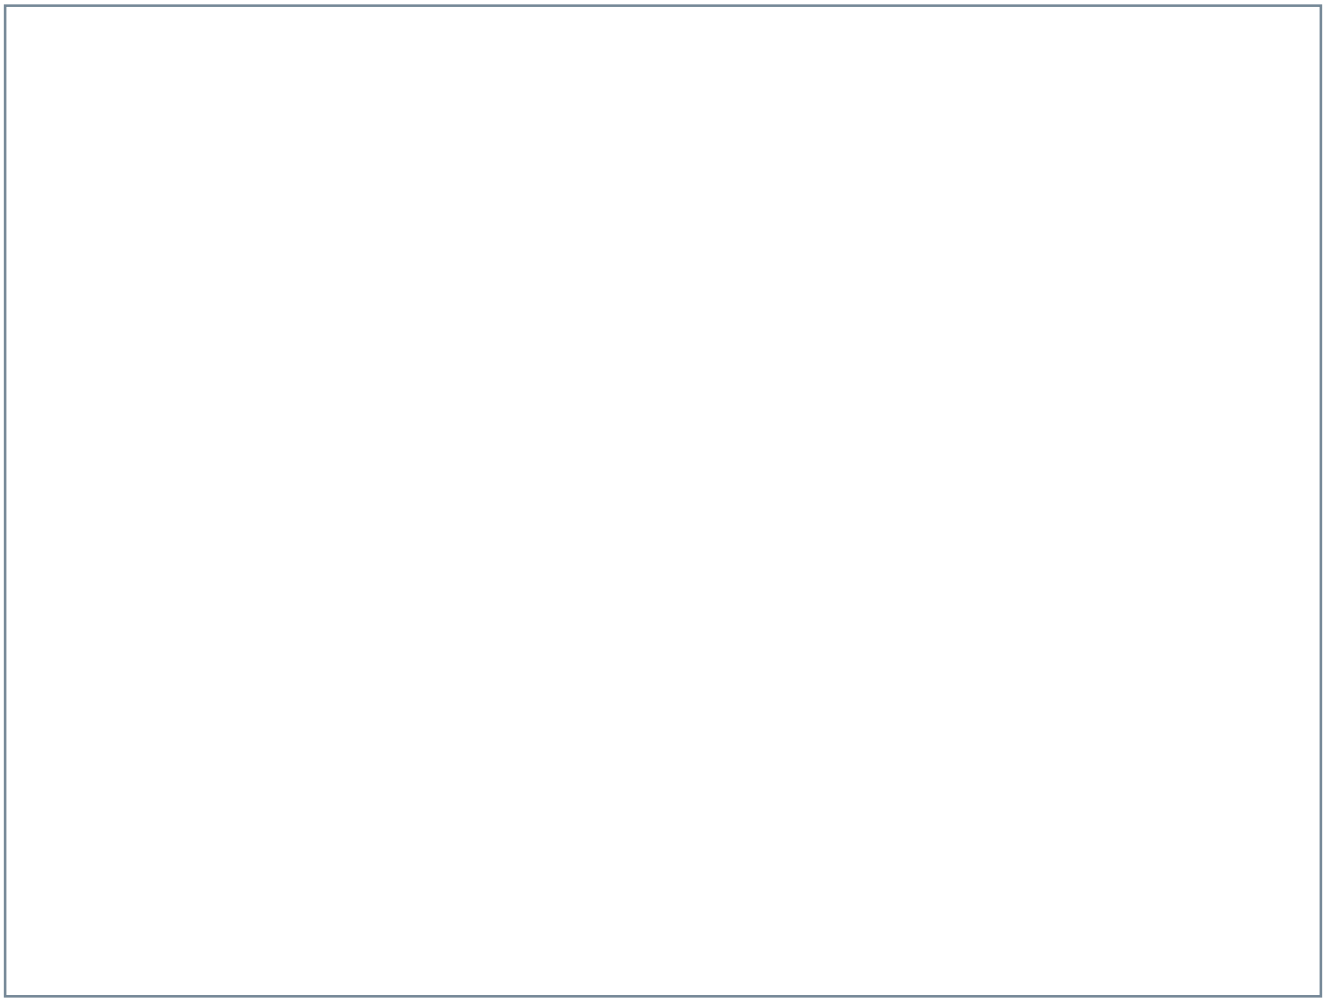

Draw a Logo in Perspective

Student | Task 3 of 4 | A4

Original prompt

Task 3: Draw a letter-shaped logo (for example, an L) in one-point perspective. Draw the letter outline as the front face, project its corners back, and complete the receding form.

Draw your own construction

Draw a Logo in Perspective

Student | Task 4 of 4 | A4

Original prompt

Task 4: Draw a logo of your own chosen simple shape in one-point perspective, then check it. State your chosen shape, place the vanishing point, and complete the construction.
