Original prompt

Read the passage and draw the scene it describes in the box.

Passage

'A round red ball sits on the grass. A small blue bird stands to the left of the ball. The sun is in the top right corner of the sky.'

Answer

A round red ball on grass, a small blue bird to its left, and the sun in the top-right corner.

Reasoning

The passage names a round red ball, grass, a small blue bird to the left, and a sun in the top right. A correct drawing shows each of these in the stated position and color.

Check

Verify a round red ball on grass, a small blue bird to its left, and the sun high in the top-right corner. The passage does not prescribe a grass color.
