# Draw a Porch in Perspective

Student | Task 1 of 4 | LETTER

## Original prompt

Task 1: Set the perspective frame. Draw a horizon line, mark one vanishing point, and draw a front rectangle for the porch with depth lines from its corners to the vanishing point.

## Your drawing and straightedge check

# Draw a Porch in Perspective

Student | Task 2 of 4 | LETTER

## Original prompt

Task 2: Project the porch box. From your Task 1 frame, choose a depth along the converging lines and close the back face with horizontal and vertical edges.

## Your drawing and straightedge check

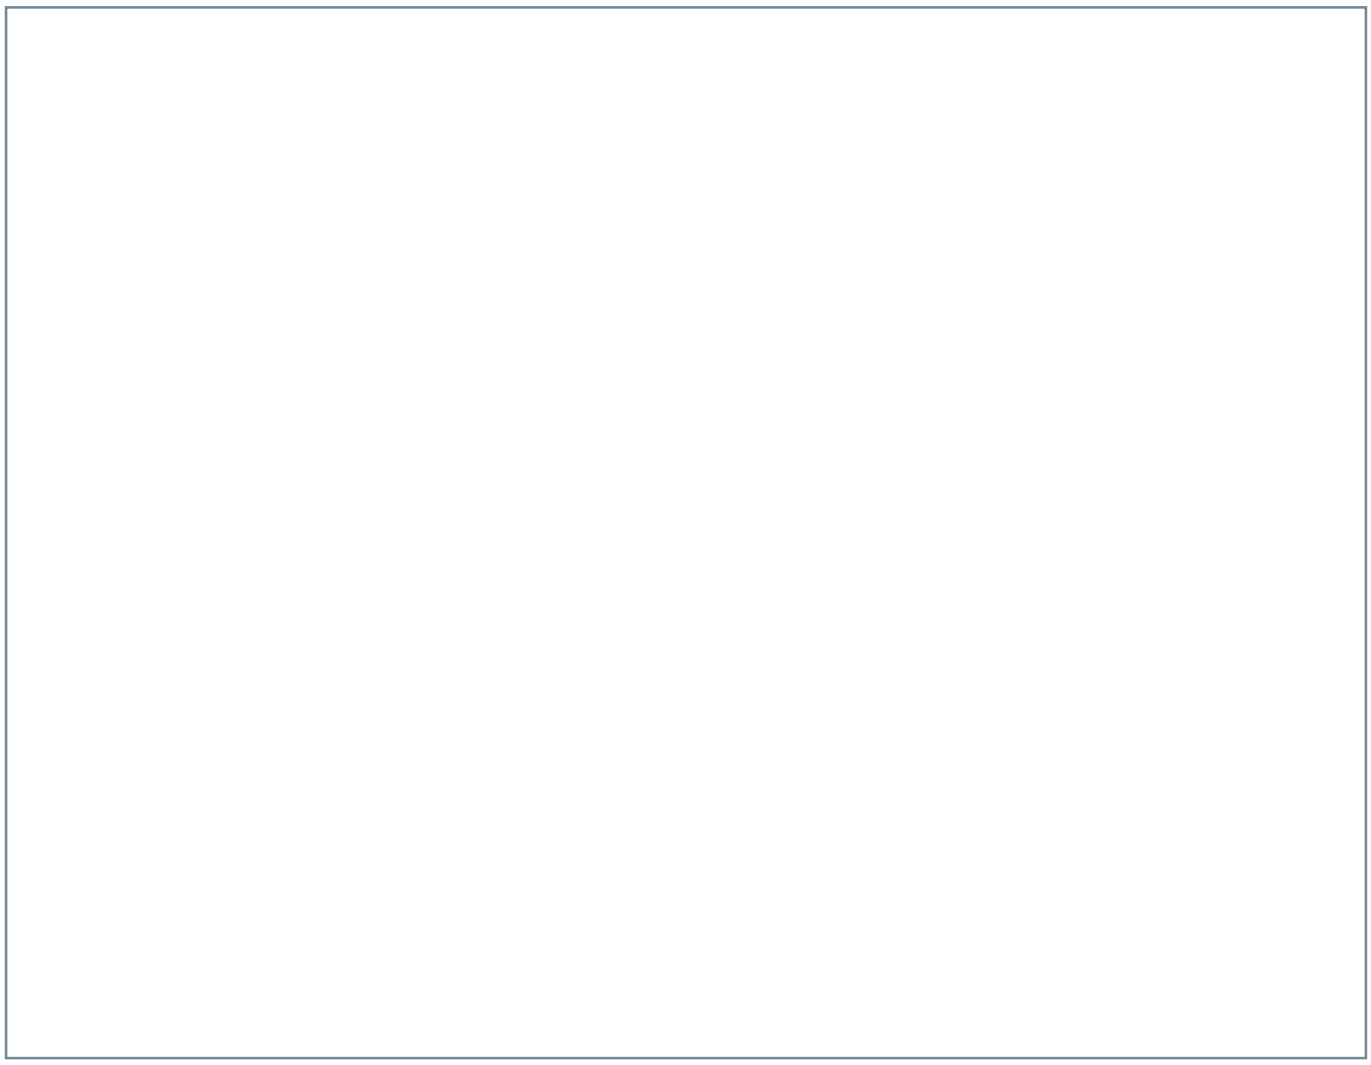

# Draw a Porch in Perspective

Student | Task 3 of 4 | LETTER

## Original prompt

Task 3: Draw the roof lines. Add a horizontal front roof edge above the porch box and send the roof's depth edges to the same vanishing point.

## Your drawing and straightedge check

# Draw a Porch in Perspective

Student | Task 4 of 4 | LETTER

## Original prompt

Task 4: Draw the steps and annotate. Add stacked step fronts below the porch with side edges aimed at the vanishing point, then label horizon, vanishing point, front face, side face, roof plane, and steps.

## Your drawing and straightedge check
