# Cube Drawing Practice

Student | Task 1 of 4 | LETTER

## Original prompt

Task 1: Draw a cube seen from slightly above with light from the upper left. Use the four-step construction and shade the three visible faces.

## Your drawing and shading

# Cube Drawing Practice

Student | Task 2 of 4 | LETTER

## Original prompt

Task 2: Draw a cube seen from slightly below with light from the upper right. From the nearest bottom corner make two depth edges slope down and draw the upright upwards. Shade the three visible faces.

## Your drawing and shading

# Cube Drawing Practice

Student | Task 3 of 4 | LETTER

## Original prompt

Task 3: Draw a cube with one face turned toward you and light from the upper left. Show the front face, top face, and right side face, then shade them.

## Your drawing and shading

# Cube Drawing Practice

Student | Task 4 of 4 | LETTER

## Original prompt

Task 4: Draw two cubes side by side, both seen from slightly above with light from the upper left. Use the same construction and shading for each, and keep their edges parallel.
