Color Trace and Draw Worksheet

Answer | Task 1 of 4 | LETTER

Original prompt

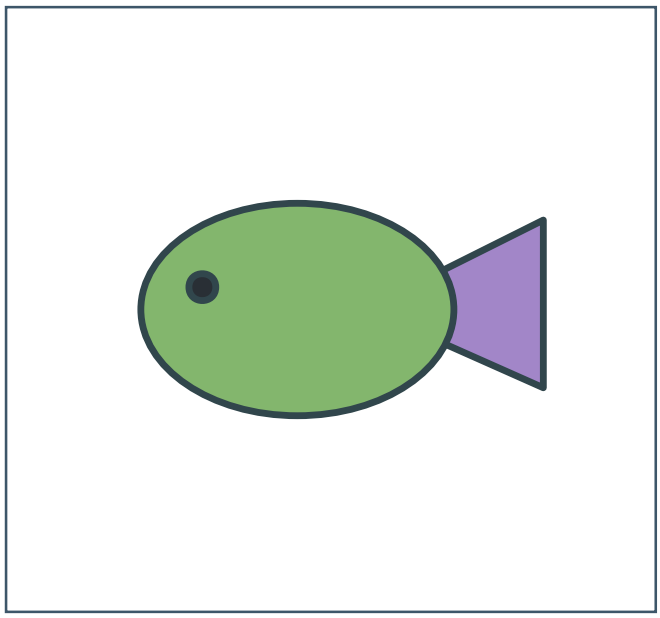
Task 1: color, trace, and draw a simple fish. Color key: body — green, fin — purple, eye — black.

Body: green

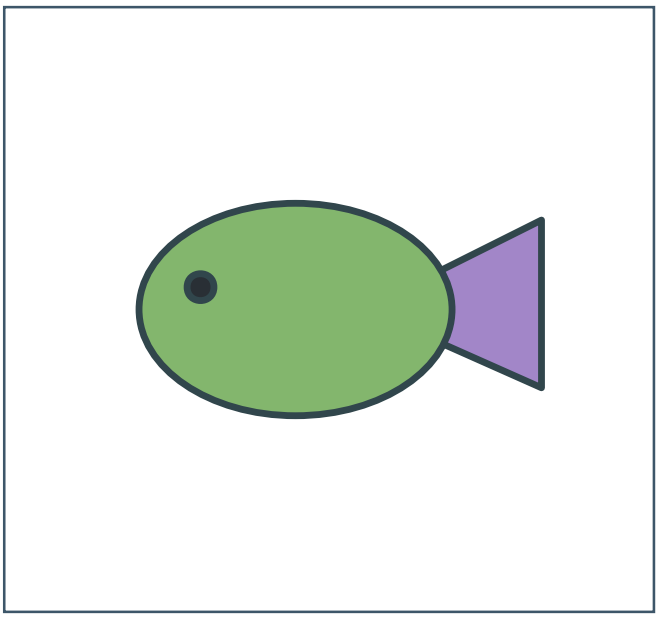
Fin: purple

Eye: black

Completed trace



Completed redraw



Answer

Trace the printed fish outline, color the body green, the fin purple, and the eye black, then redraw the same fish freehand in the blank draw box with the same colors.

Reasoning

The key assigns three colors to three parts. Tracing the outline first fixes the fish shape, and the freehand redraw repeats that shape with the same color assignments.

Check

In both boxes, the body should be green, the fin purple, and the eye black, and the fin should sit in the same place on the body in each.

Color Trace and Draw Worksheet

Answer | Task 2 of 4 | LETTER

Original prompt

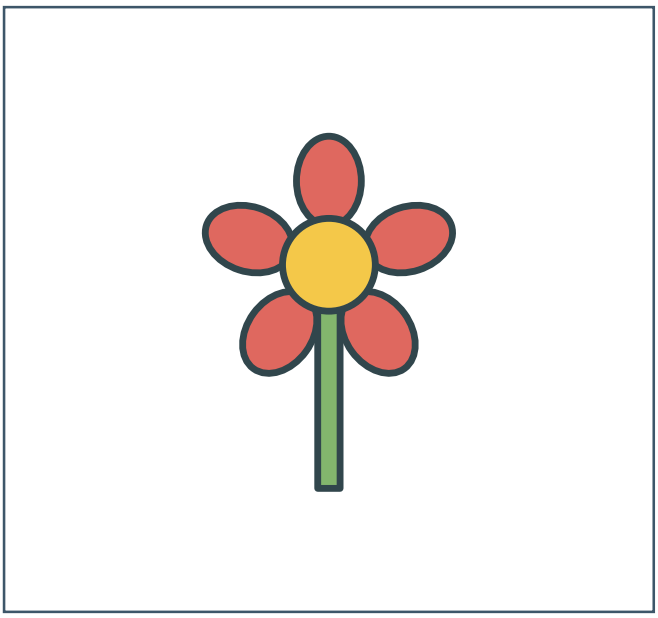
Task 2: color, trace, and draw a simple flower. Color key: petals — red, center — yellow, stem — green.

Petals: red

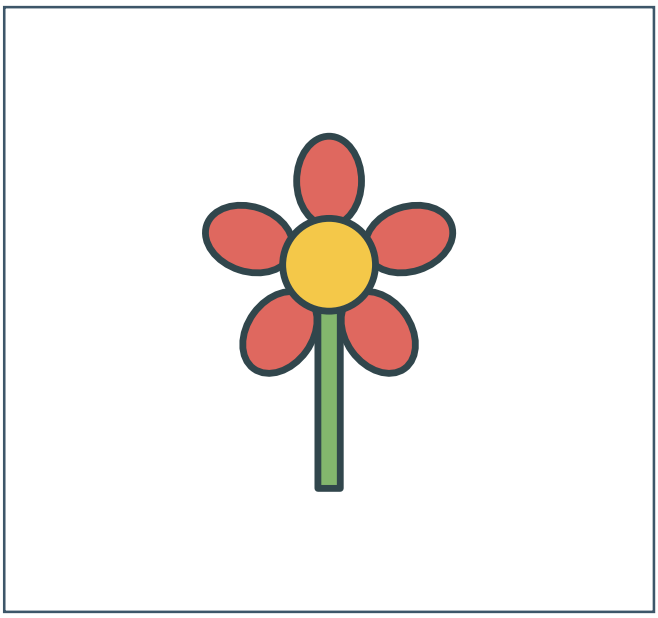
Center: yellow

Stem: green

Completed trace



Completed redraw



Answer

Trace the printed flower outline, color the petals red, the center yellow, and the stem green, then redraw the same flower freehand in the blank draw box with the same colors.

Reasoning

The key separates petals, center, and stem into three colors. Tracing fixes the petal arrangement, and the freehand redraw keeps that arrangement while reapplying the key.

Check

In both boxes, the petals should be red, the center yellow, and the stem green, and the center should sit inside the ring of petals in each.

Color Trace and Draw Worksheet

Answer | Task 3 of 4 | LETTER

Original prompt

Task 3: color, trace, and draw a simple house. Color key: roof — red, walls — blue, door — brown, window — yellow.

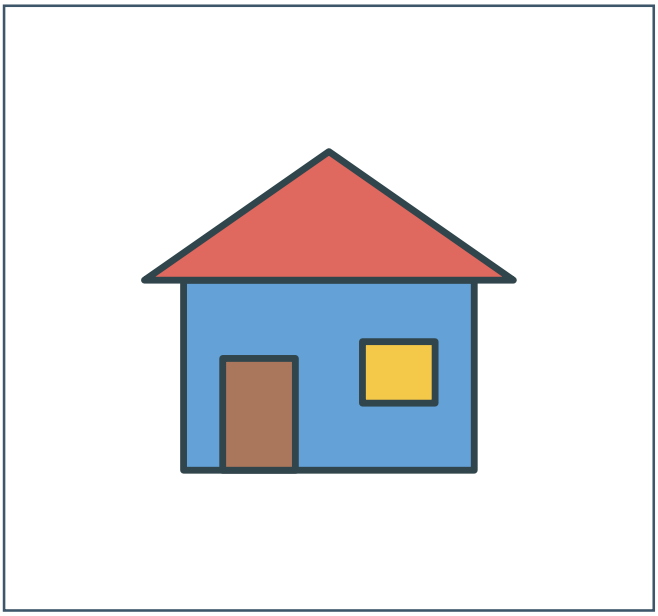
Roof: red

Walls: blue

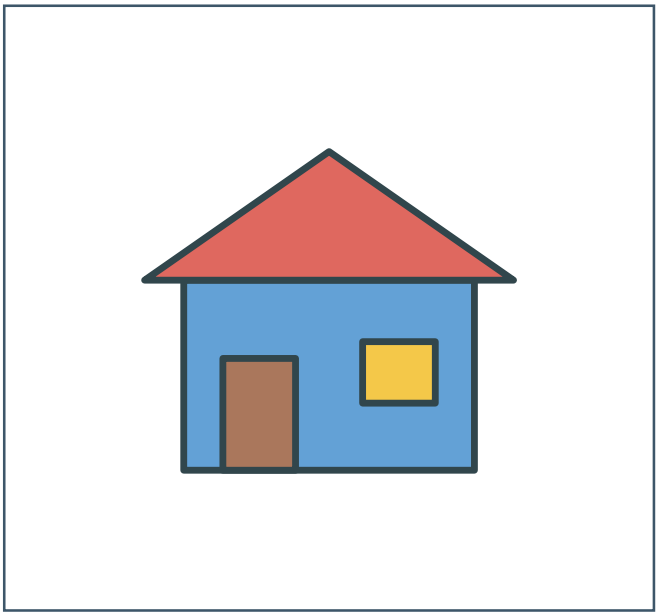
Door: brown

Window: yellow

Completed trace



Completed redraw



Answer

Trace the printed house outline, color the roof red, the walls blue, the door brown, and the window yellow, then redraw the same house freehand in the blank draw box with the same colors.

Reasoning

The key assigns four colors to four parts. Tracing fixes the roof, wall, door, and window positions, and the freehand redraw repeats those positions with the same colors.

Check

In both boxes, the roof should be red, the walls blue, the door brown, and the window yellow, and the door and window should sit on the walls in the same places.

Color Trace and Draw Worksheet

Answer | Task 4 of 4 | LETTER

Original prompt

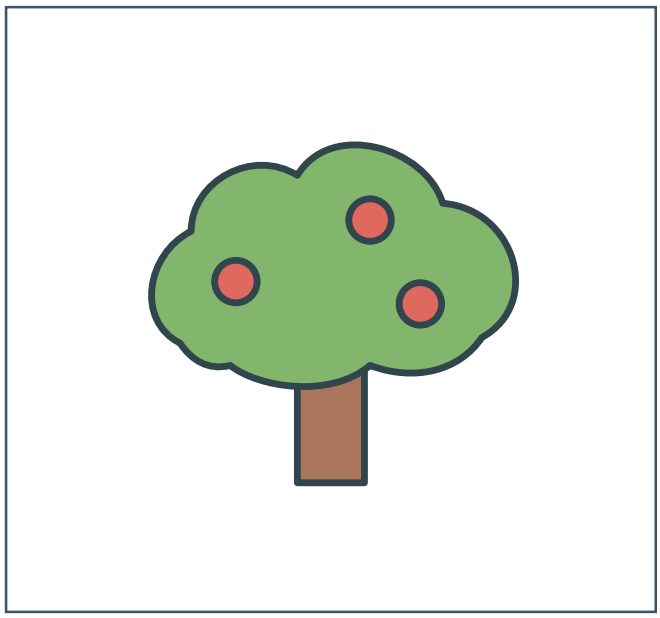
Task 4: color, trace, and draw a simple tree. Color key: leaves — green, trunk — brown, fruit — red.

Leaves: green

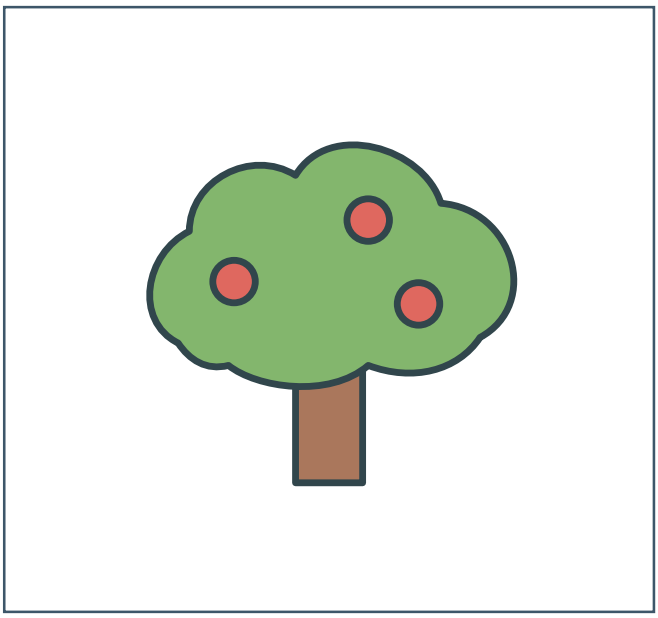
Trunk: brown

Fruit: red

Completed trace



Completed redraw



Answer

Trace the printed tree outline, color the leaves green, the trunk brown, and the fruit red, then redraw the same tree freehand in the blank draw box with the same colors.

Reasoning

The key separates leaves, trunk, and fruit into three colors. Tracing fixes the leaf mass and trunk, and the freehand redraw keeps the fruit inside the leaves with the same colors.

Check

In both boxes, the leaves should be green, the trunk brown, and the fruit red, and the fruit should sit within the leaf area in each.
