Draw a Two-Point Perspective Landscape

Student | Task 1 of 4 | LETTER

Original prompt

Task 1 — Reference-guided redraw: redraw the horizon, both vanishing points, and the main building's two wall directions from the supplied reference, labeling VP-L and VP-R.

Draw a Two-Point Perspective Landscape

Student | Task 2 of 4 | LETTER

Original prompt

Task 2 — Component construction: on a blank horizon with VP-L and VP-R marked, construct a road converging to VP-L, a field boundary converging to VP-R, and three vertical posts along the road.

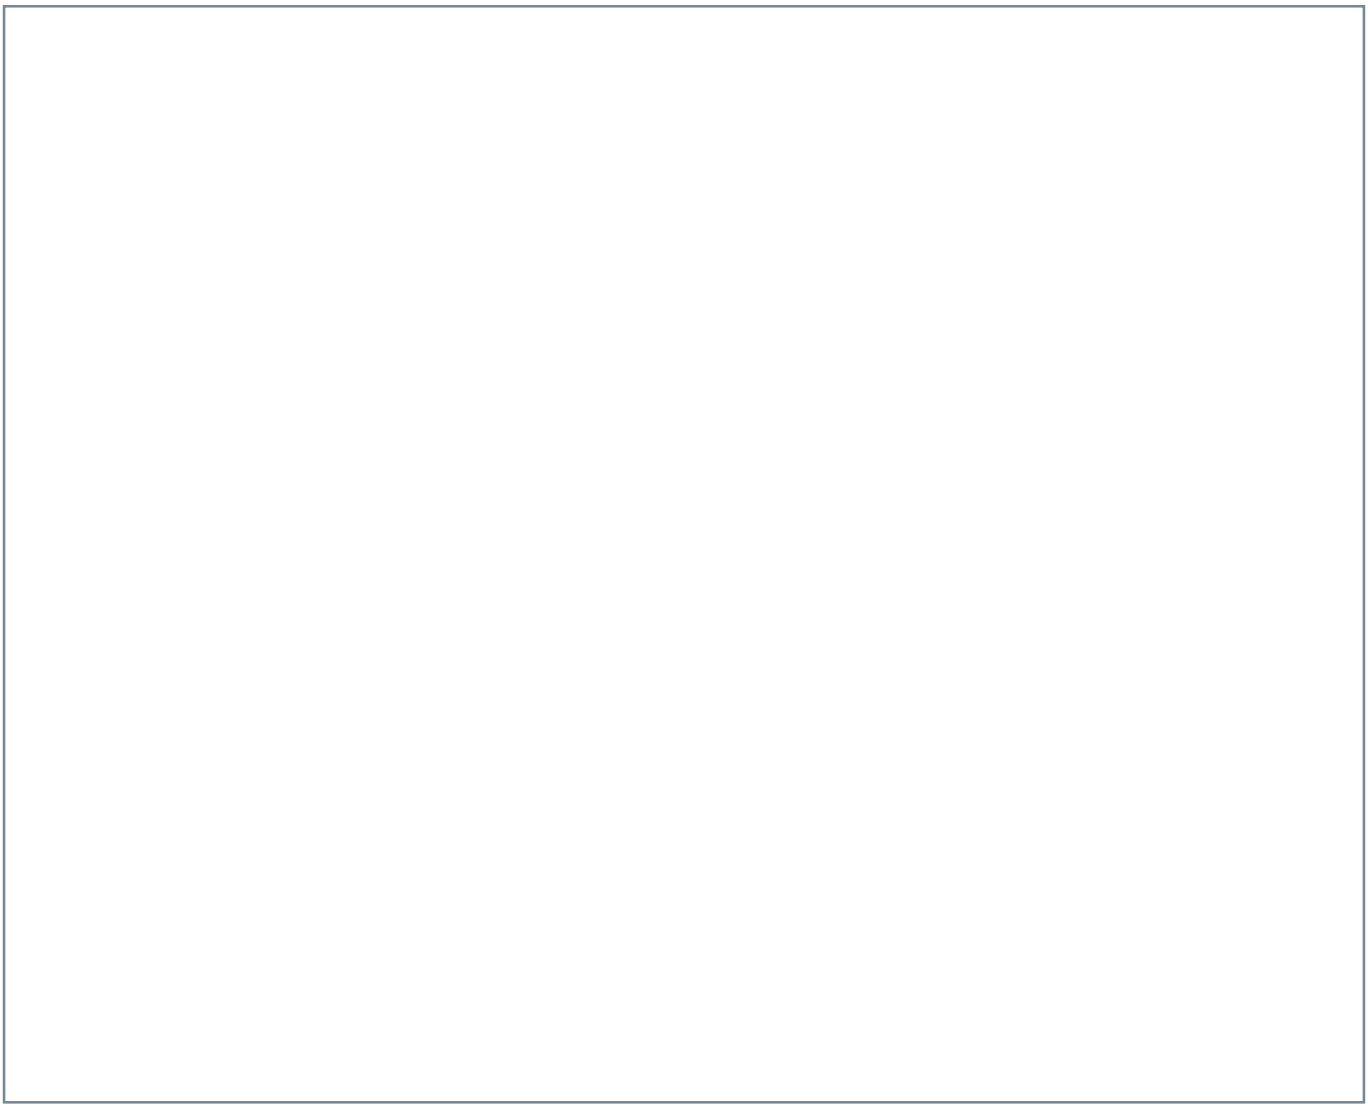

Your visual check

Draw a Two-Point Perspective Landscape

Student | Task 3 of 4 | LETTER

Original prompt

Task 3 — Composition: compose a small landscape with one building, a road to VP-L, and a fence to VP-R, placing the building off-center.

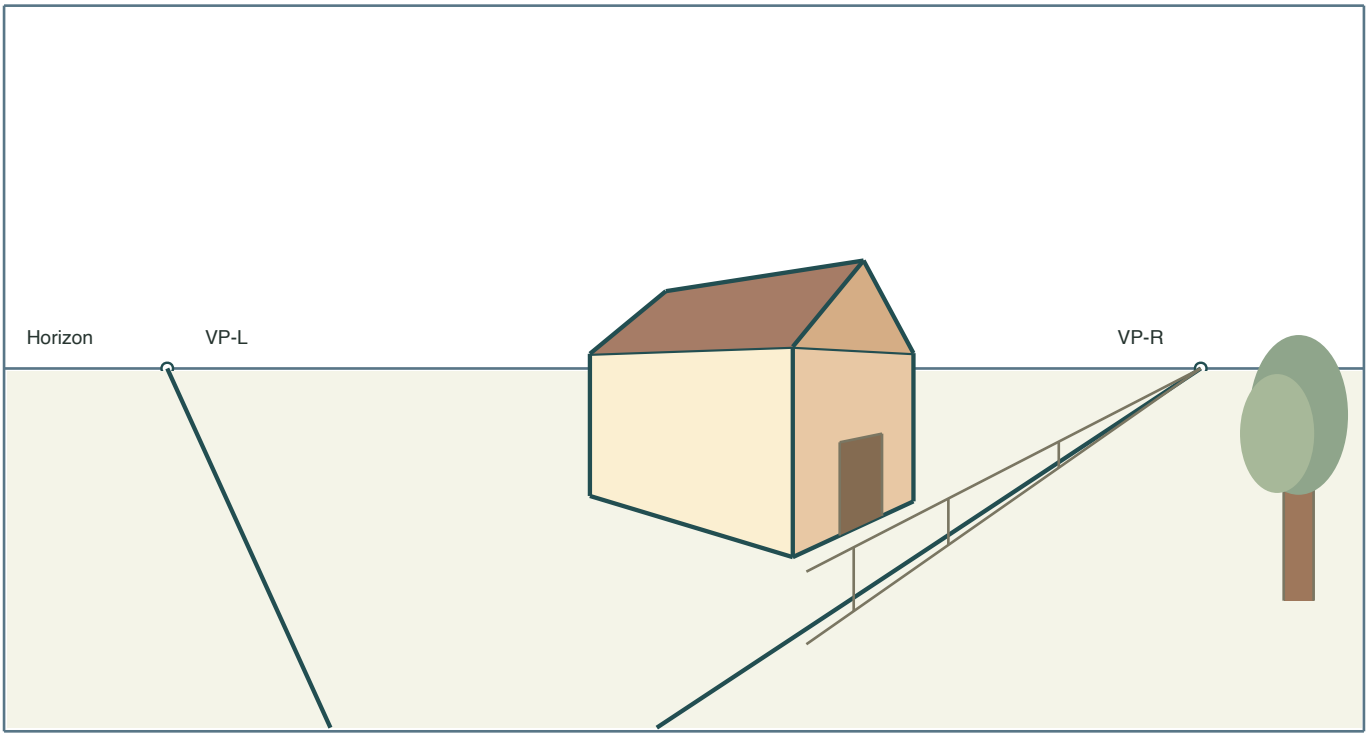

Draw a Two-Point Perspective Landscape

Student | Task 4 of 4 | LETTER

Original prompt

Task 4 — Visual checking: given a supplied plate with one deliberate perspective error, identify and correct it.

Your corrected drawing
