Bunco Score Sheet Template

Answer | Task 1 of 4 | A4

Original prompt

Task 1: A tally shows one crossed group of five and three extra marks. What is the total?

Round: 1 Table: A

Player	Round tally	Total
Example player		8

Answer

8

Reasoning

One group of five plus three extra marks: 5 + 3 = 8.

Check

Count the crossed group as 5, then count the three marks, and add.

Bunco Score Sheet Template

Original prompt

Task 2: A player scores 12 points. Draw the tally and write the total.

Round: 1 Table: A

Player	Round tally	Total
Example player		12

Answer

Two crossed groups of five (10) plus two marks; total space: 12.

Reasoning

12 is two groups of five plus two leftover marks.

Check

Two groups of five = 10, plus 2 = 12, matching the total space.

Answer | Task 3 of 4 | A4

Original prompt

Task 3: A completed row shows a tally of one crossed group of five and four extra marks, but the total space says 8. Is the sheet correct?

Round: 1 Table: A

Player	Round tally	Total
Given row		8
Corrected row		9

Answer

No. The tally is 5 + 4 = 9, so the total space should say 9, not 8.

Reasoning

The tally marks give 9 points, so the written total of 8 does not match.

Check

Recount the tally (5 + 4 = 9) and compare with the total space.

Original prompt

Task 4: On a blank sheet, fill one player row for a round where the player scores 6 points. Show the tally and total.

Round: 1 Table: A

Player	Round tally	Total
Example player		6

Answer

One crossed group of five plus one mark; total space: 6.

Reasoning

6 is one group of five plus one leftover mark.

Check

One group of five = 5, plus 1 = 6, matching the total space.
