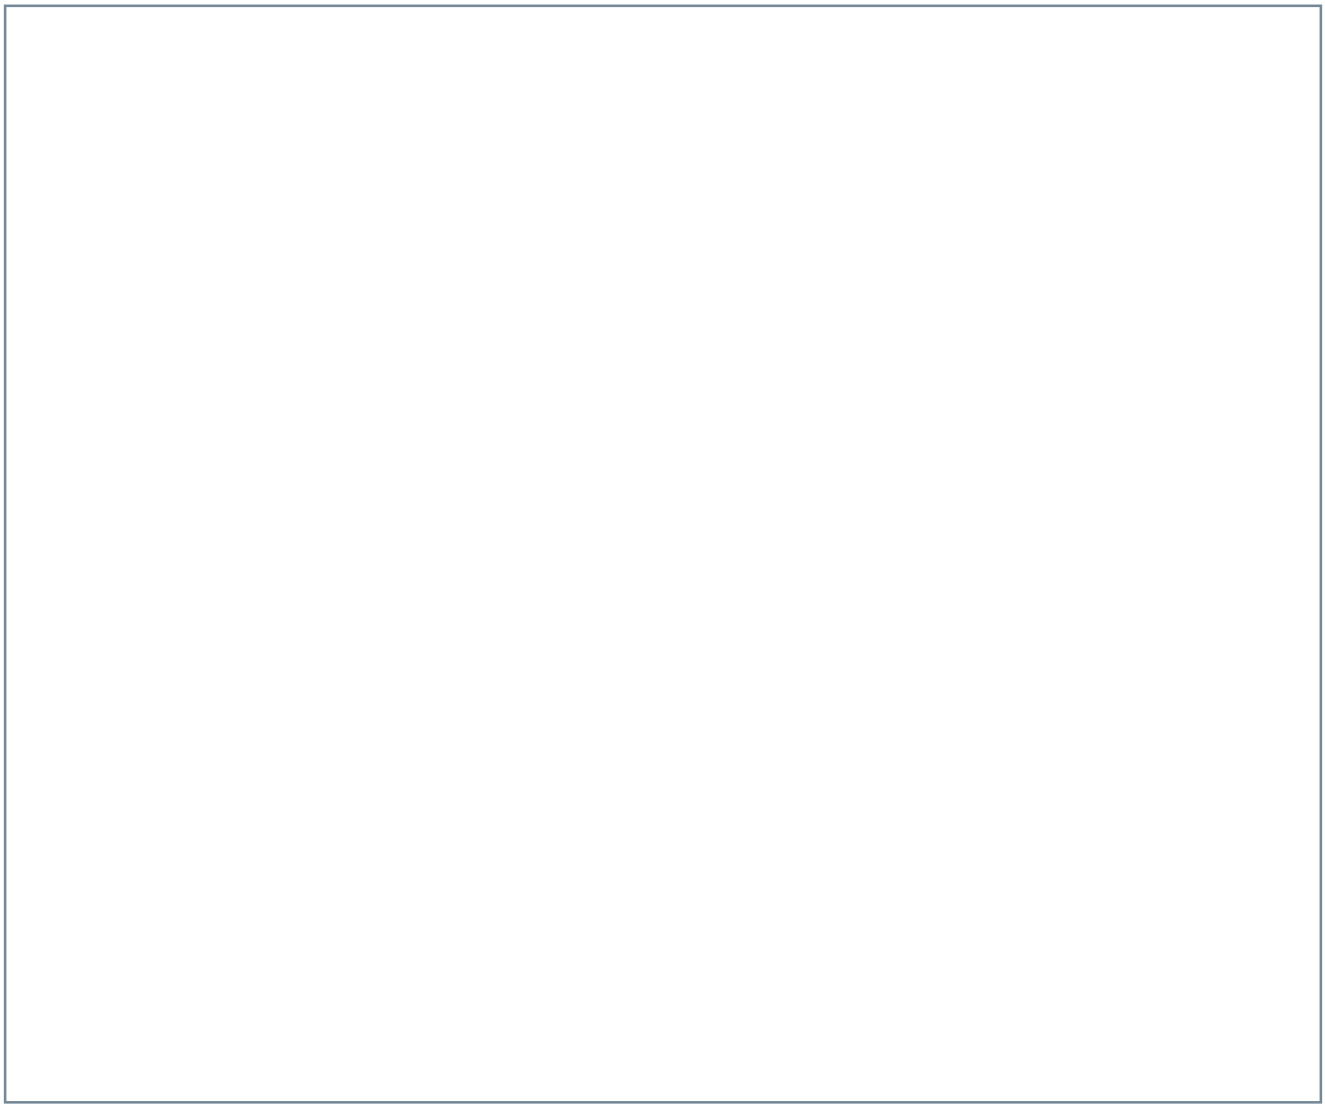
Draw a Tree House in Two-Point Perspective

Student | Task 1 of 4 | A4

Original prompt

Task 1: Draw a horizon line, mark VP-L and VP-R, and sketch one platform slab in two-point perspective.

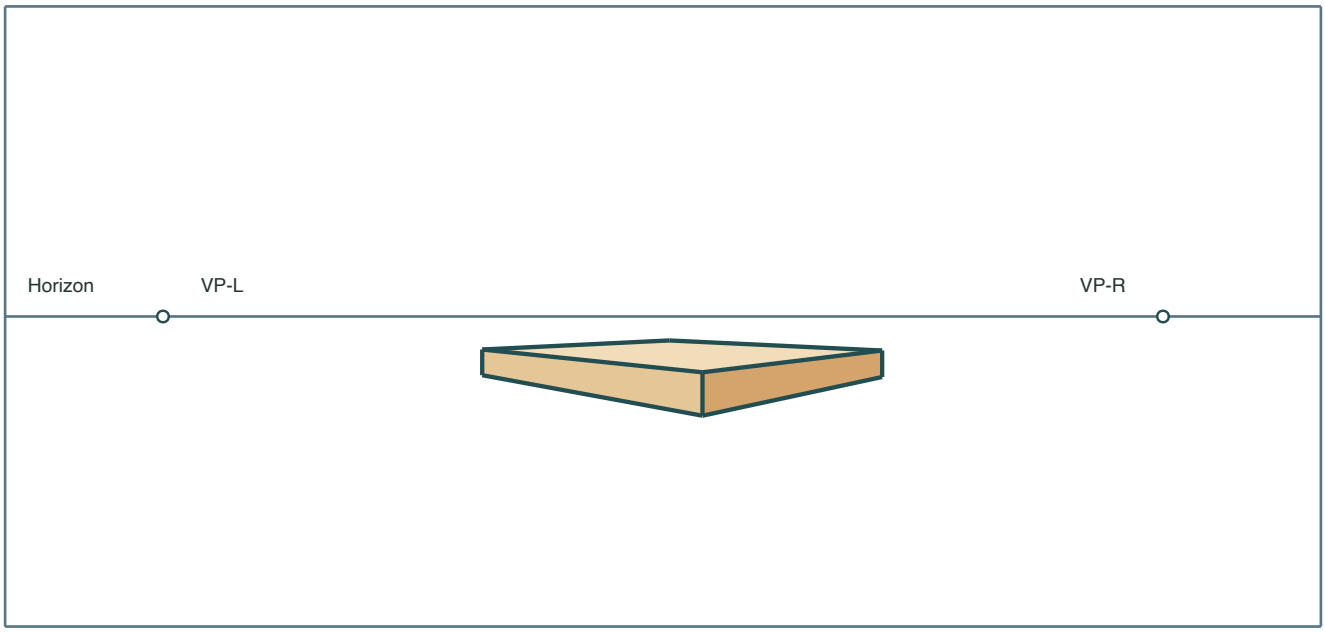


Draw a Tree House in Two-Point Perspective

Student | Task 2 of 4 | A4

Original prompt

Task 2: From a given platform outline, construct the cabin walls so horizontal edges meet VP-L or VP-R and verticals stay vertical.



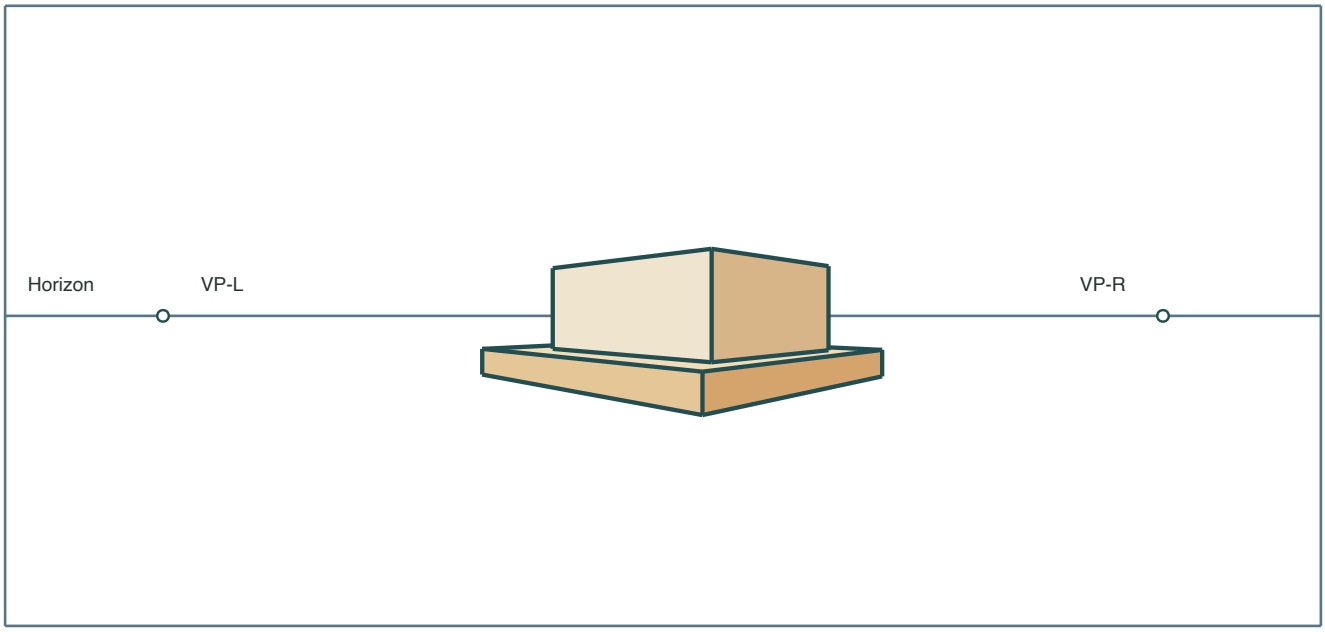
Your construction

Draw a Tree House in Two-Point Perspective

Student | Task 3 of 4 | A4

Original prompt

Task 3: Add roof planes to a given cabin, sending ridge and eave lines to the correct vanishing points.



Your construction

Draw a Tree House in Two-Point Perspective

Student | Task 4 of 4 | A4

Original prompt

Task 4: On a practice grid, redraw a complete tree house in two-point perspective and check every receding edge.
