Draw a One-Point Perspective Section

Student | Task 1 of 4 | LETTER

Original prompt

Task 1: Draw a one-point perspective section plate of a single wall with the vanishing point centered on the horizon. Show the cut face, the receding depth edges, the far face, and the floor strip.

Draw a One-Point Perspective Section

Student | Task 2 of 4 | LETTER

Original prompt

Task 2: Draw a one-point perspective section plate of a wall with the vanishing point placed to the left of the cut face. Show the cut face, receding edges, far face, and side strip.

Your cutaway construction

Your edge and surface checks

Draw a One-Point Perspective Section

Student | Task 3 of 4 | LETTER

Original prompt

Task 3: Draw a one-point perspective section plate with the opening above the horizon, as seen from a low eye. Show the cut face, receding depth edges, smaller far face, and ceiling strip.

Draw a One-Point Perspective Section

Student | Task 4 of 4 | LETTER

Original prompt

Task 4: Draw a one-point section of two walls joined at a corner. Put both cut outlines in one picture-parallel cutting plane. Extend the longer wall return and shorter cross-wall thickness in the same depth direction. Show the two far outlines and both floor strips.
