Draw 3D Letters in One-Point Perspective

Student | Task 2 of 4 | A4

Original prompt

Draw a capital H in one-point perspective with the VP to the left of the letter. Show construction steps and finished letter, and mark the VP.

Use the reference sequence for the construction. Leave the perspective drawing area below for your own work.

Your construction and finished letter

Draw 3D Letters in One-Point Perspective

Student | Task 3 of 4 | A4

Original prompt

Draw a capital E in one-point perspective with the VP below the letter. Show front face, depth lines, back face, and finished letter.

Use the reference sequence for the construction. Leave the perspective drawing area below for your own work.

Your construction and finished letter

Draw 3D Letters in One-Point Perspective

Student | Task 4 of 4 | A4

Original prompt

Draw a short word of two letters, such as 'HI', in one-point perspective with a single shared VP. Show both letters constructed toward the same VP and the finished word.

Use the reference sequence for the construction. Leave the perspective drawing area below for your own work.
