Draw a Market in Perspective

Student | Task 1 of 4 | LETTER

Original prompt

Task 1: Set up the frame. Draw a horizon line and mark one vanishing point. Then draw four ground lines from the bottom edge that all pass through the vanishing point.

Build and check the next stage

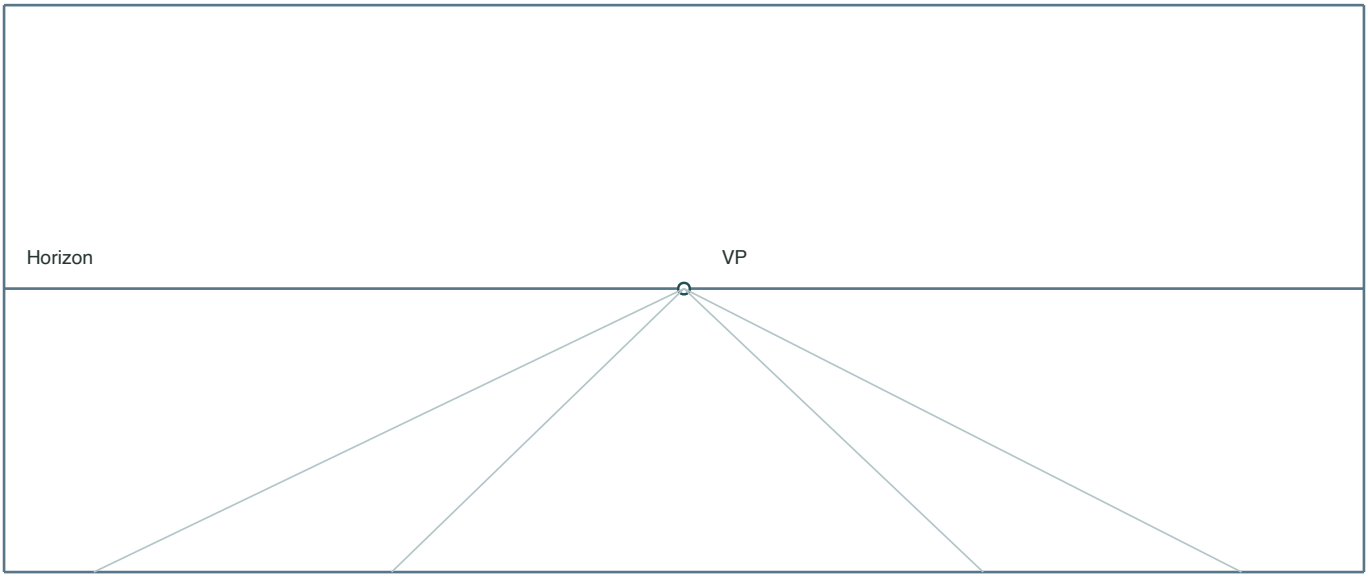

Draw a Market in Perspective

Student | Task 2 of 4 | LETTER

Original prompt

Task 2: Draw one stall front as a rectangle sitting on the widest ground line, low on the page. Then draw its two side edges back toward the vanishing point.

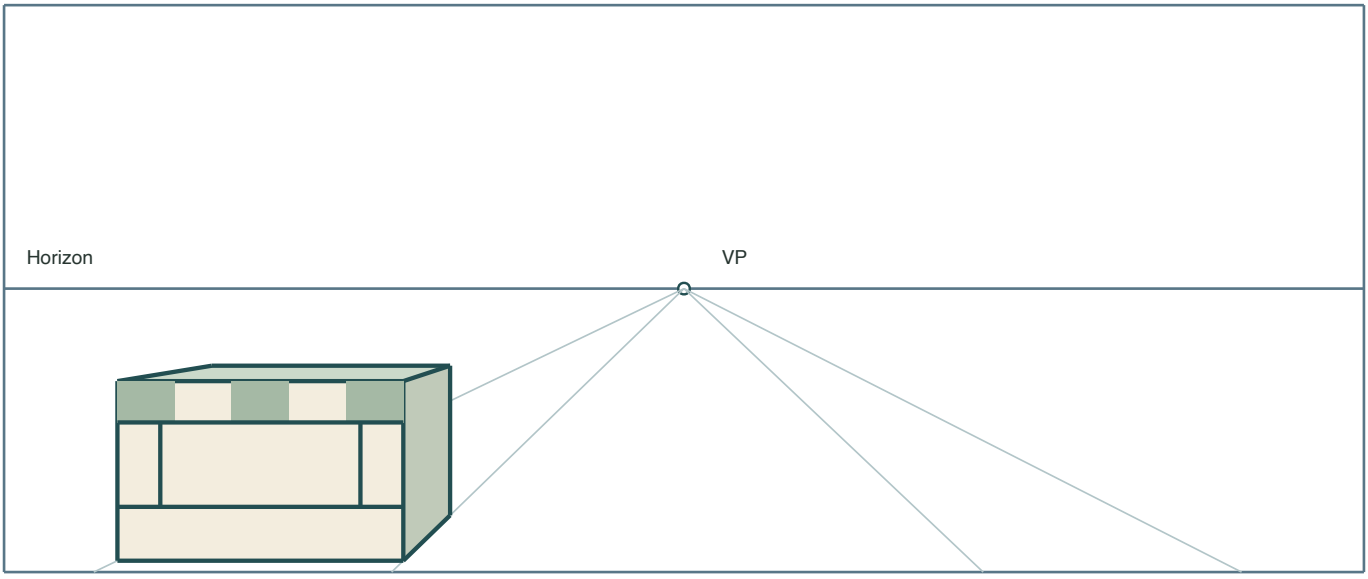

Build and check the next stage

Draw a Market in Perspective

Student | Task 3 of 4 | LETTER

Original prompt

Task 3: Add two more stall fronts farther up the same ground line, each smaller than the one in front, and draw their side edges back toward the vanishing point.

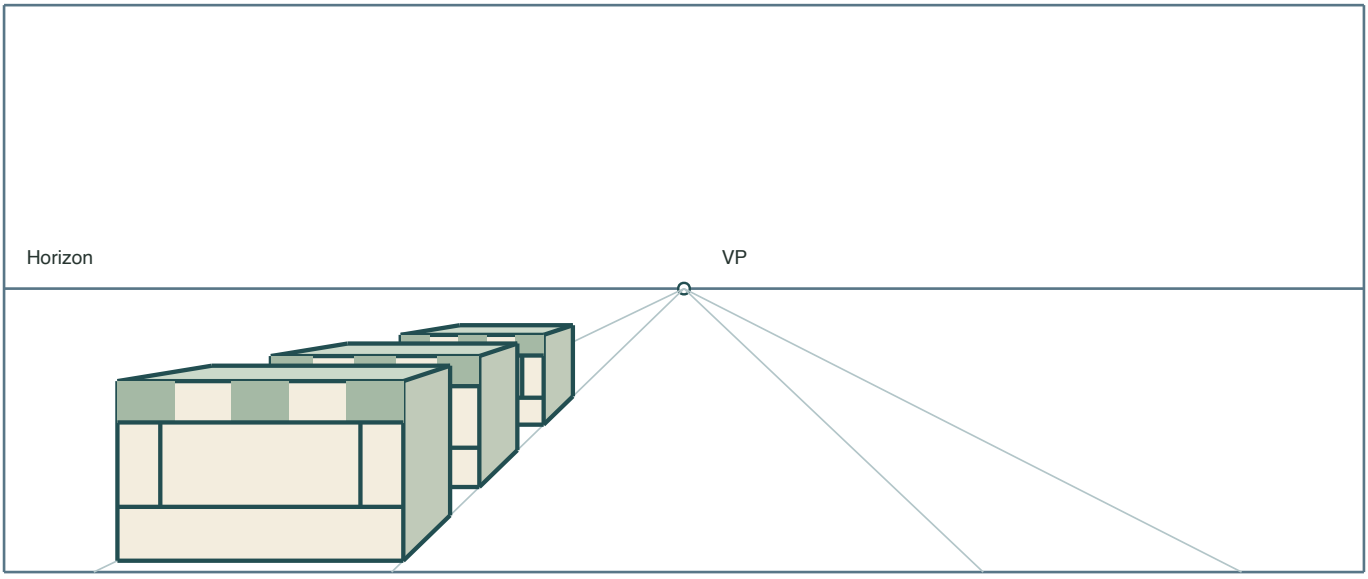

Build and check the next stage

Draw a Market in Perspective

Student | Task 4 of 4 | LETTER

Original prompt

Task 4: Complete the plate by adding a second row of stalls on another ground line, then check the whole plate for converging lines and consistent recession.

Build and check the next stage
