Draw a One-Point Perspective Office

Student | Task 1 of 4 | A4

Original prompt

Task 1: Draw the empty office shell. Place a horizon line, one vanishing point, a back-wall rectangle, and a front opening connected by receding lines to form floor, ceiling, and side walls.

Draw a One-Point Perspective Office

Student | Task 2 of 4 | A4

Original prompt

Task 2: Add a desk and a chair to the shell. Draw the desk as a low wide box and the chair as a small box with a back panel, with all depth edges aimed at the vanishing point.

Draw a One-Point Perspective Office

Student | Task 3 of 4 | A4

Original prompt

Task 3: Add a cabinet against a side wall and a monitor on the desk. Draw the cabinet as a taller narrow box and the monitor as a thin upright box, keeping all depth edges on the vanishing point.

Draw a One-Point Perspective Office

Student | Task 4 of 4 | A4

Original prompt

Task 4: Complete and check the office plate. Combine the shell, desk, chair, cabinet, and monitor, then verify the perspective and correct any edge that misses the vanishing point.
