Draw a Wall in One-Point Perspective

Student | Task 1 of 4 | A4

Original prompt

Given a horizon line and a marked vanishing point, draw a flat wall face and its two depth lines to the vanishing point.

Your drawing and straightedge check

Draw a Wall in One-Point Perspective

Student | Task 2 of 4 | A4

Original prompt

On a flat wall face, lay out a staggered brick grid with level courses and evenly spaced vertical joints.

Your drawing and straightedge check

Draw a Wall in One-Point Perspective

Student | Task 3 of 4 | A4

Original prompt

Carry the brick grid from the flat face onto the receding side, converging toward the vanishing point.

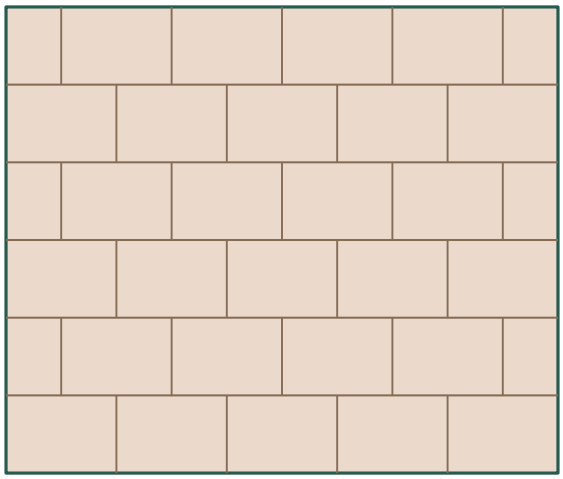

Your drawing and straightedge check

Draw a Wall in One-Point Perspective

Student | Task 4 of 4 | A4

Original prompt

Redraw a supplied simple wall reference in one-point perspective, choosing your own horizon and vanishing point, and check the result.

Level courses and upright joints
