Learn Contour Drawing

Student | Task 1 | LETTER

Original prompt

Task 1 — Blind contour of the mug only. Look only at the reference mug, not at your paper, and draw its visible edges as one continuous line.

Keep your eyes on the reference while you draw the continuous line.

Learn Contour Drawing

Student | Task 2 | LETTER

Original prompt

Task 2 — Slow contour of the mug only. You may glance at your paper; draw the mug's edges segment by segment, checking each segment against the reference before starting the next.

Use the same reference; check each segment before moving to the next.

Student | Task 3 | LETTER

Original prompt

Task 3 — Blind contour of the hand and mug together. Keep your eyes on the reference and draw the hand's fingers, thumb, and wrist together with the mug as one continuous line.

Keep your eyes on the reference while you draw the continuous line.

Learn Contour Drawing

Student | Task 4 | LETTER

Original prompt

Task 4 — Slow contour of the hand and mug together, then a visual check. Draw the full subject segment by segment, then compare your drawing to the reference and mark one place where an overlap is drawn correctly and one place where it needs correction.

Use the same reference; check each segment before moving to the next.

Reference

After drawing, mark one of each

Correct overlap: _____

Needs correction: _____
