

Point to point

Aim for one deliberate stroke between each pair of dots.

Follow the light guide, then repeat in the space below.

Review one thing: Did you reach the endpoints? Is the spacing more even? This sheet offers reference strokes, not a single graded answer.

Parallel paths

Keep the space between neighboring lines as even as you can.

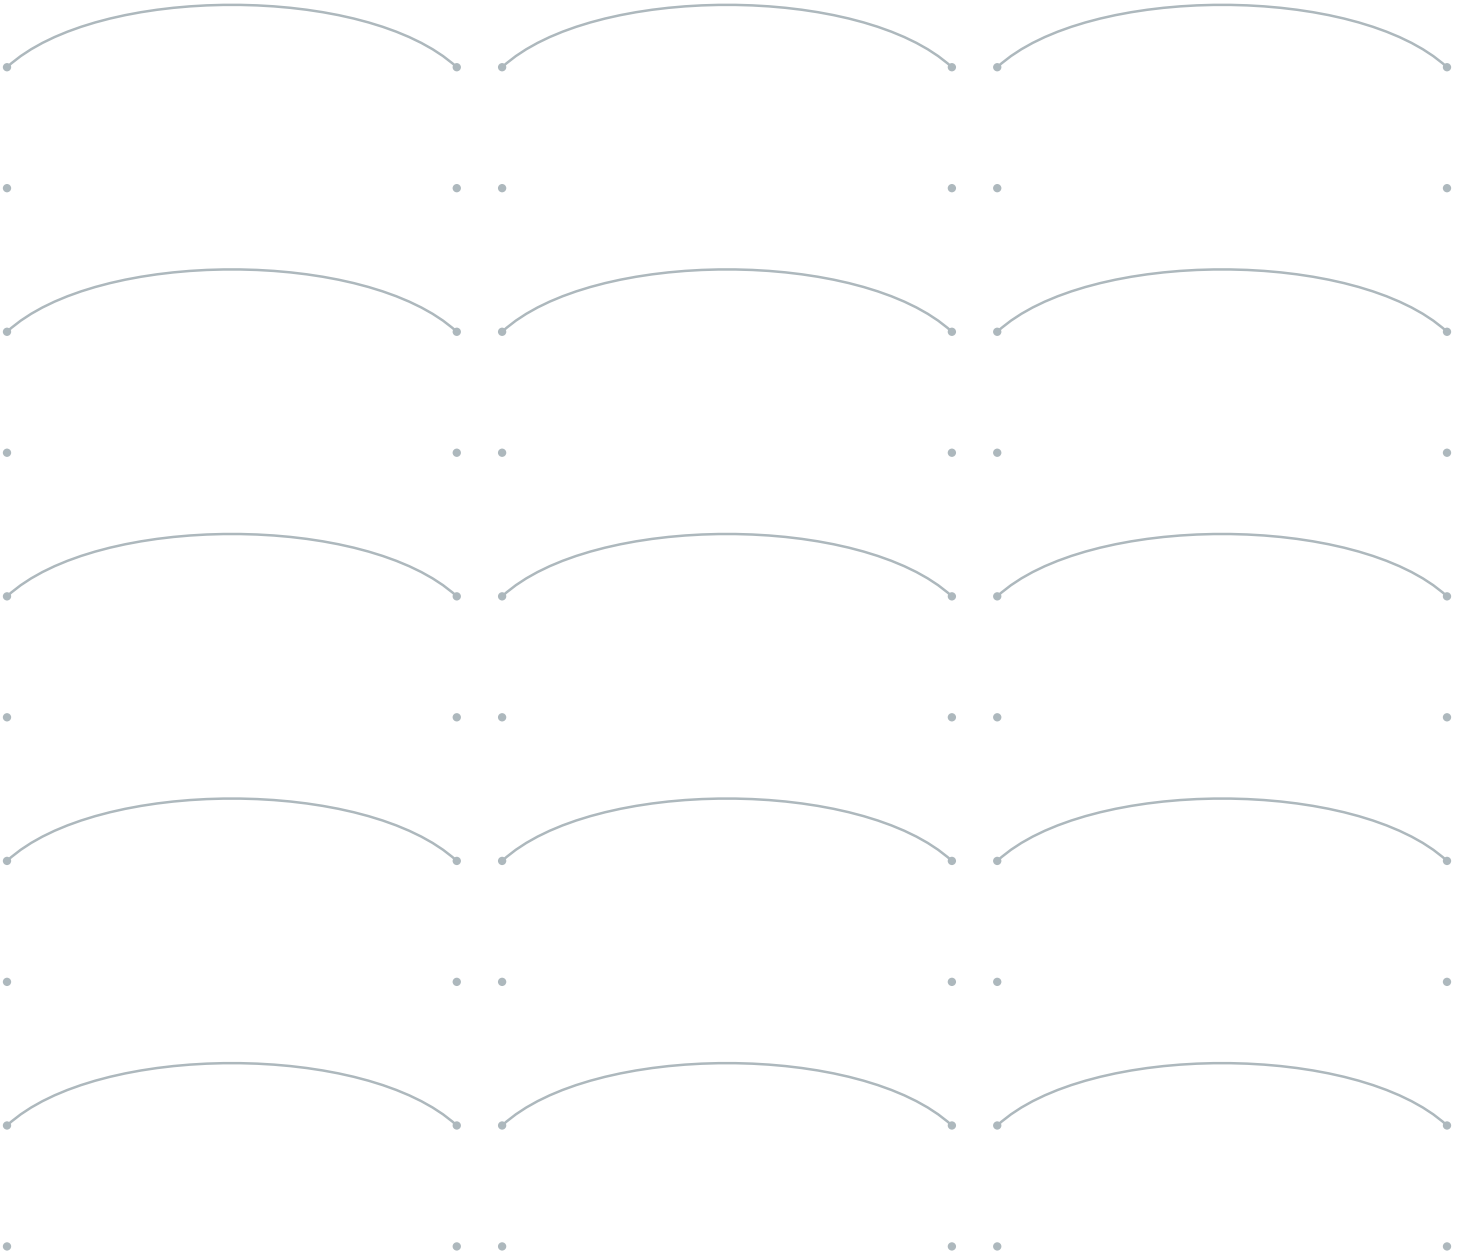

Follow the light guide, then repeat in the space below.

Review one thing: Did you reach the endpoints? Is the spacing more even? This sheet offers reference strokes, not a single graded answer.

Easy arcs

Follow a broad curve smoothly without chasing the guide.

Follow the light guide, then repeat in the space below.

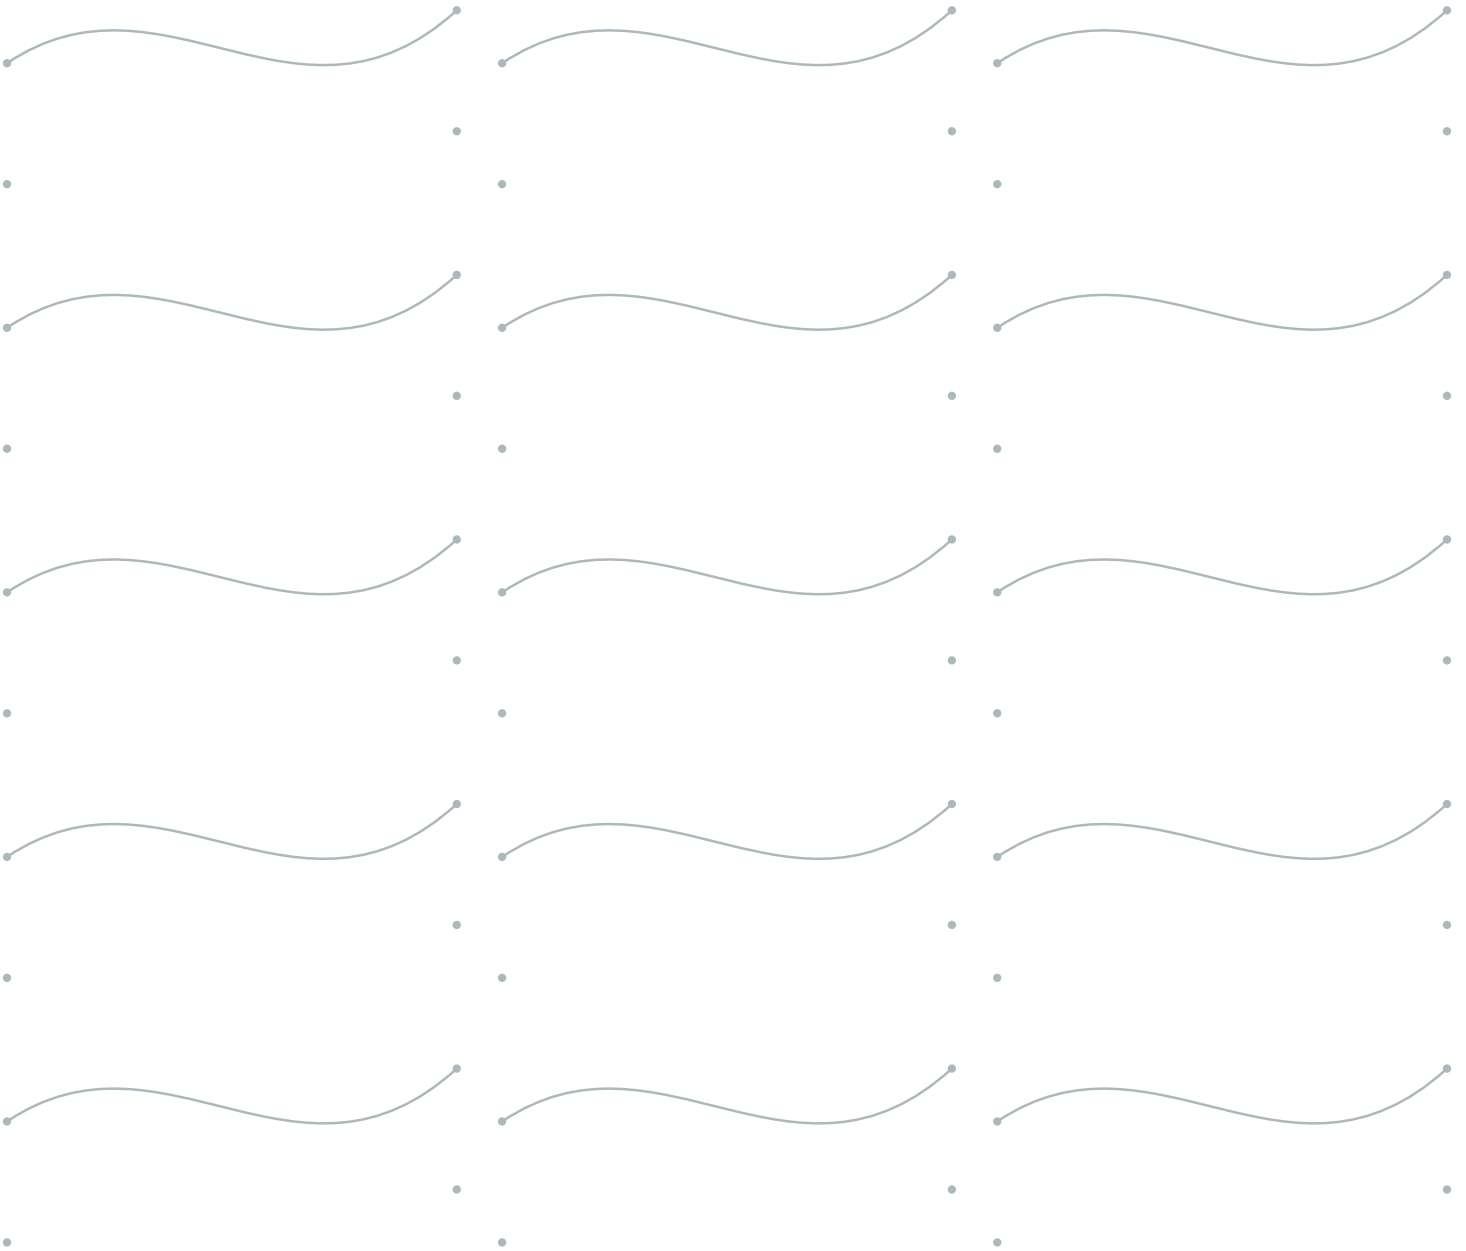

Review one thing: Did you reach the endpoints? Is the spacing more even? This sheet offers reference strokes, not a single graded answer.

Flowing S-curves

Change direction smoothly through the center of the curve.

Follow the light guide, then repeat in the space below.

Review one thing: Did you reach the endpoints? Is the spacing more even? This sheet offers reference strokes, not a single graded answer.

Corners and turns

Pause at each corner, then begin the next straight segment.

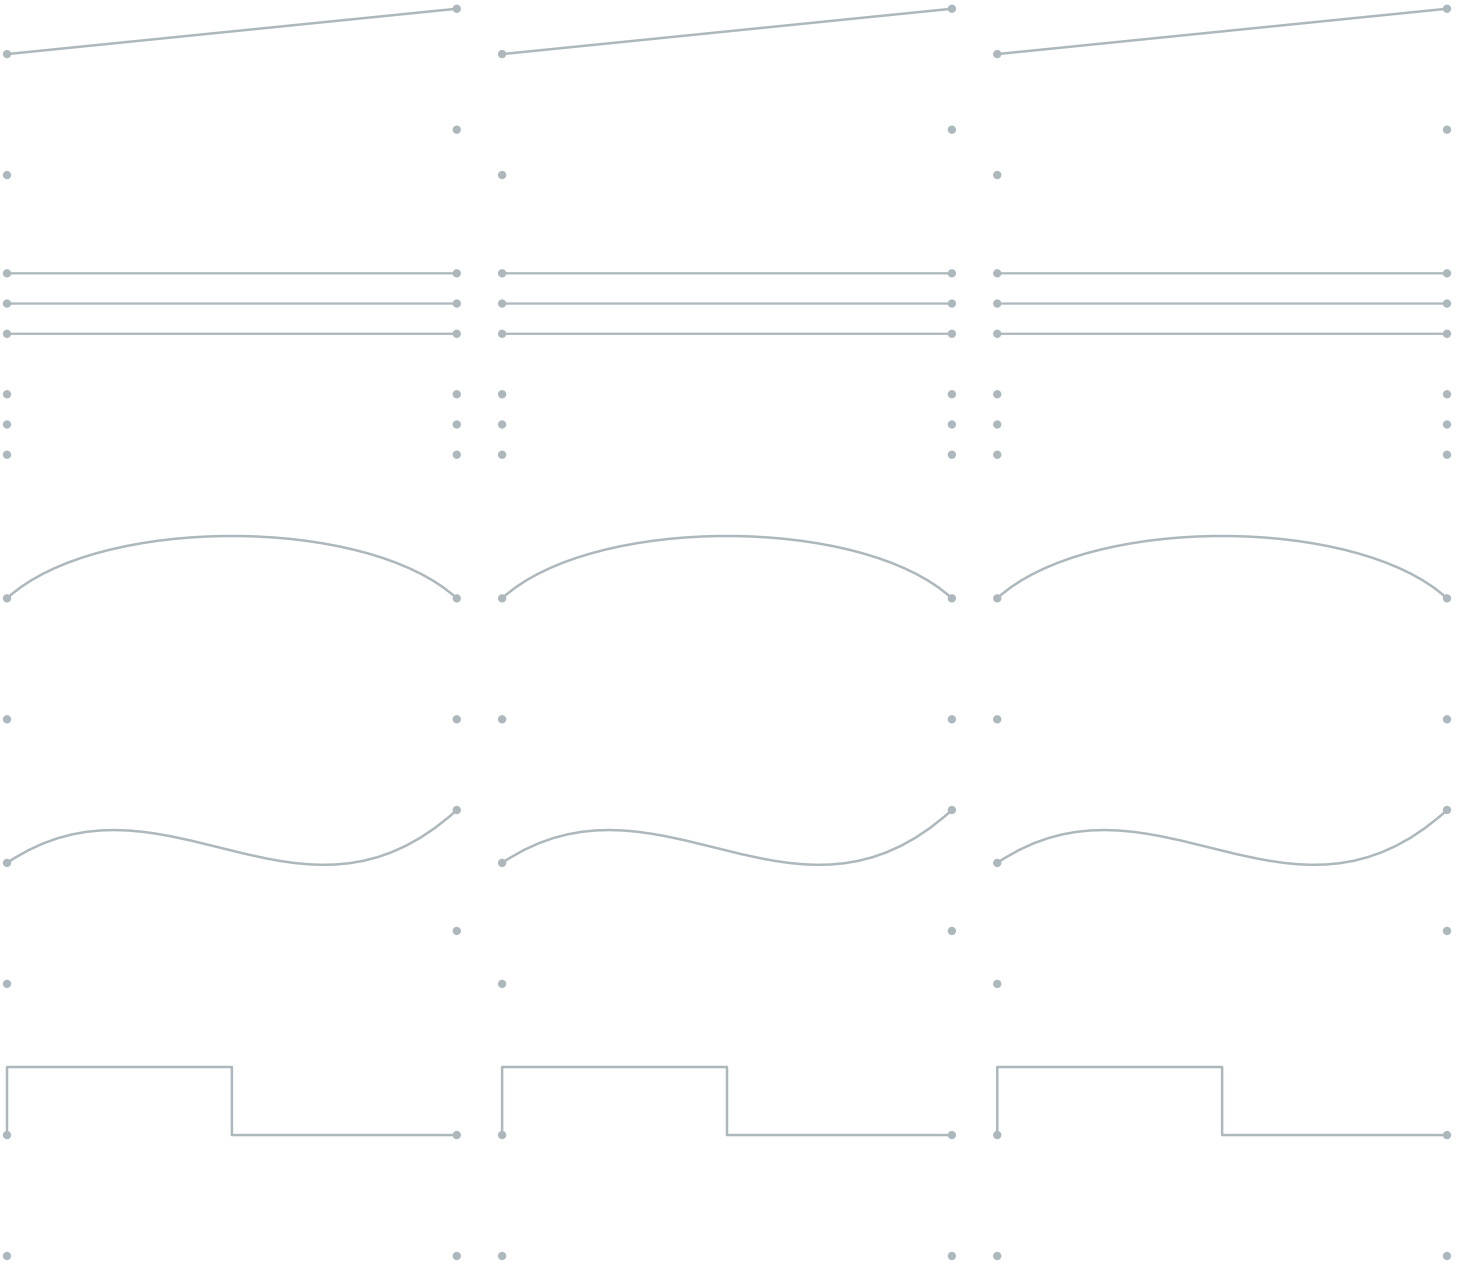

Follow the light guide, then repeat in the space below.

Review one thing: Did you reach the endpoints? Is the spacing more even? This sheet offers reference strokes, not a single graded answer.

A mixed practice page

Combine lines, curves and corners. Review one thing at a time.

Follow the light guide, then repeat in the space below.

Review one thing: Did you reach the endpoints? Is the spacing more even? This sheet offers reference strokes, not a single graded answer.
