

A horizontal line

Construct the line from its equation. In $y=mx+b$, m is the signed slope and $(0,b)$ is the y-intercept.

$y = 0x - 3$. Table x values: -4, 0, 4. Every grid interval is 1 unit.

1. Identify m , b and the y-intercept. Compare the completed plot.
2. Calculate the three table y values. Compare the completed plot.
3. Draw the line through the correct points. Compare the completed plot.
