Beginner Calligraphy Practice Sheets: Stroke and Letter Tracing

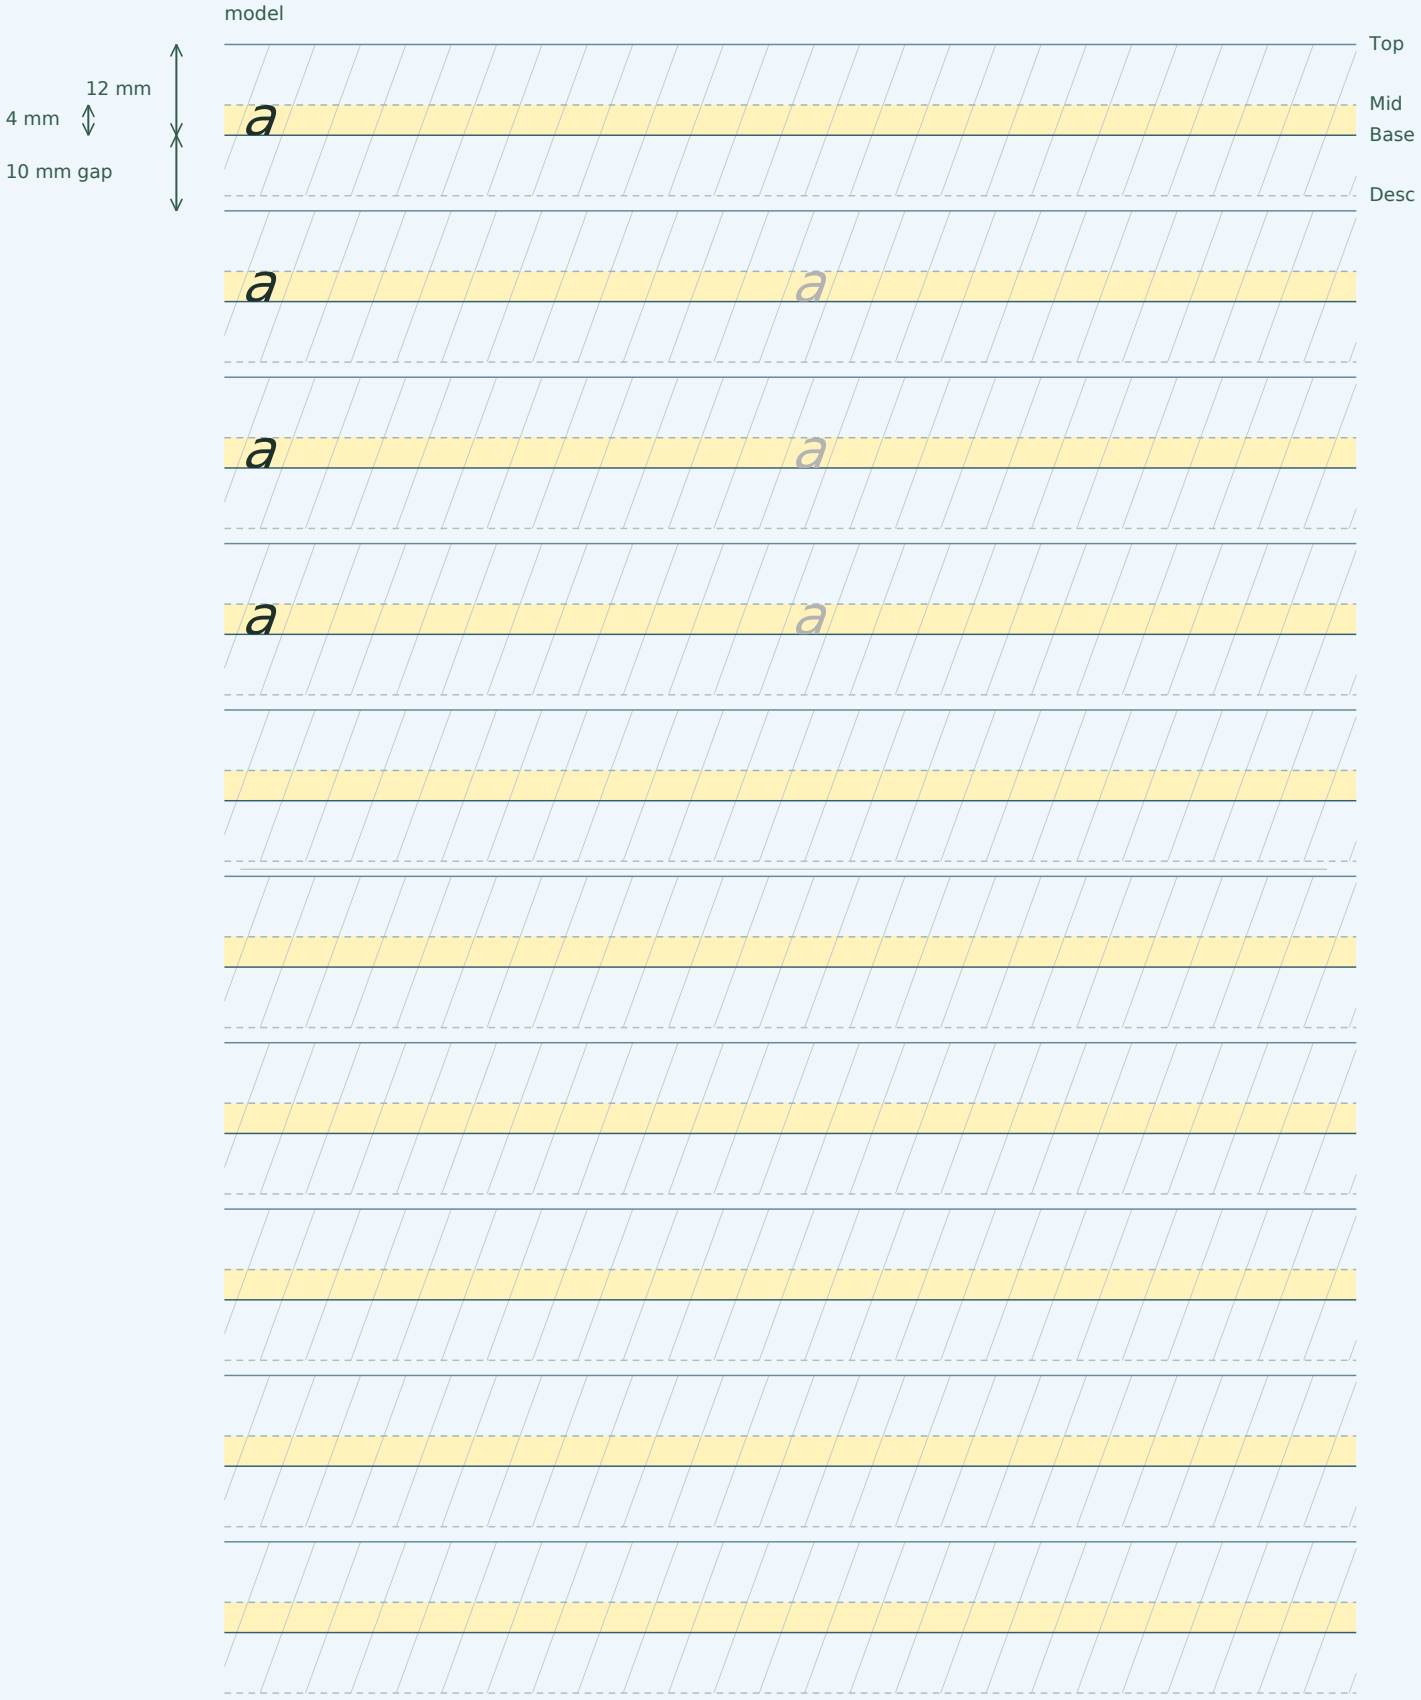

Worksheet Page 1: Basic Strokes with Numbered Arrows

Worksheet page 1: basic strokes. Trace three times, then one freehand beside it. Directions relative to stroke/letter. Thick/thin depends on tool and style.

Beginner Calligraphy Practice Sheets: Stroke and Letter Tracing

Worksheet Page 2: Lowercase Letter Tracing on Baseline/Ascender Guides

Worksheet page 2: lowercase letter tracing. Model, three traces, blank practice row for three freehand copies. Letter construction is style-dependent; follow this plate's order.

Beginner Calligraphy Practice Sheets: Stroke and Letter Tracing

Original tasks 1, 2, 3 / blank responses

Task 1

Trace a downstroke three times on the stroke plate, then write one freehand downstroke beside it. Describe what you checked.

Task 2

Trace an oval three times, then write one freehand oval. Note one place where your freehand oval differs from the plate.

Task 3

On the letter plate, trace the lowercase letter shown with numbered arrows three times, then write it three times freehand on the blank practice row.

Beginner Calligraphy Practice Sheets: Stroke and Letter Tracing

Original tasks 4 / blank responses

Task 4

Practice an entry stroke and an exit stroke from the stroke plate. Explain why these are not cursive handwriting joins.
