Blue-Tinted Ruled Handwriting Practice: Line Guides for Visual Comfort

Original tasks 1, 2 / independent work

Task 1

A draft guide set has a top-to-baseline height of 10 mm. Where should the midline sit, and why?

Task 2

A writer says the blue tint feels comfortable but the lines are too close together. What should you change first, and what should you keep?

Blue-Tinted Ruled Handwriting Practice: Line Guides for Visual Comfort

Original tasks 3, 4 / independent work

Task 3

Write a one-sentence note for a blue-tinted sheet that explains the tint without making a medical claim.

Task 4

Assess a practice line where the writer's short letters reach the top line and descenders stop at the baseline. Use the rubric to describe one strength and one correction.
