Printable Hebrew Alphabet Chart: Block Letters and Stroke Order

Original task 1 / independent drawing and calculation

Task 1

Using the chart's convention, trace Bet three times and write it once in the blank row. Count the base strokes.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Printable Hebrew Alphabet Chart: Block Letters and Stroke Order

Original task 2 / independent drawing and calculation

Task 2

Label the five final forms and state which base letter each belongs to.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Printable Hebrew Alphabet Chart: Block Letters and Stroke Order

Original task 3 / independent drawing and calculation

Task 3

Explain why the Shin/Sin dot is not a decorative stroke and where it belongs.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Printable Hebrew Alphabet Chart: Block Letters and Stroke Order

Original task 4 / independent drawing and calculation

Task 4

Design a one-letter practice row for a letter of your choice, including numbered base strokes, a tracing form, and a blank space. Use the rubric to check dot placement and stroke count.

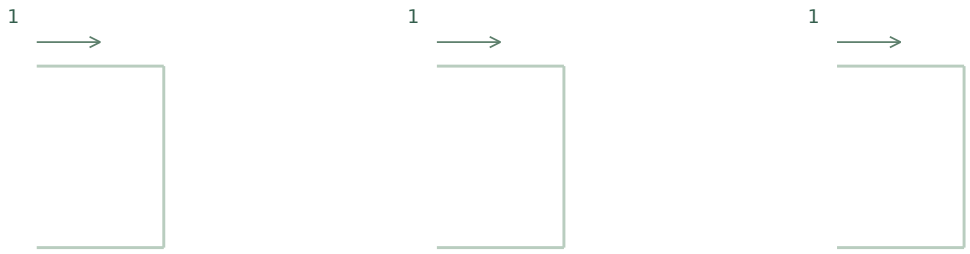

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Full drawing sheet / reusable blank workspace

Reusable full drawing sheet for Tasks 1 to 4. Print another copy when needed. Keep all original task measurements; if a task specifies larger paper, use that paper size.

Task 1 / trace3 copy1

Selected Bet convention: 1 continuous base stroke; a dagesh is a separate diacritic.

One independent copy / no prefilled glyph or guides

Base stroke count: ____ Separate dot check: ____

Pair each final form with its base letter.

ך Base letter / name:

ם Base letter / name:

ן Base letter / name:

ף Base letter / name:

ץ Base letter / name:

Distinguishing dot placement in the upright printed form

Add and explain the dot:

Add and explain the dot:

The dot distinguishes Shin/Sin and is not a numbered base stroke or decoration. Use the intended reading and the separate dot position; do not add both dots to one base form.

Design your own one-letter numbered/tracing/blank practice row.
