Dashed-Line Paper with a Dashed Midline: Spacing, Baselines, and Letter Practice

Spacing comparison sheet: wide variant

Wide spacing: 14 mm body, 40 mm pitch.

Dashed-Line Paper with a Dashed Midline: Spacing, Baselines, and Letter Practice

Original tasks 1, 2, 3 / blank responses

Task 1

Describe where the bottom and top of the letter o should sit on dashed-line paper.

Task 2

Explain how to place the letter l relative to the baseline and dashed midline.

Task 3

You want wider spacing for a beginner. What should you change first, and what should you measure?

Dashed-Line Paper with a Dashed Midline: Spacing, Baselines, and Letter Practice

Original tasks 4 / blank responses

Task 4

Create a rubric for a practice row containing a, c, o, b, d, and h.
