Blank Sheet Music: Stave Counts, Clefs, and Spacing That Work

Original task 1 / independent drawing and calculation

Task 1

State an assumed usable page height and gap, then compute how many single staves fit.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Blank Sheet Music: Stave Counts, Clefs, and Spacing That Work

Original task 2 / independent drawing and calculation

Task 2

Draft a grand-staff layout for four systems at 26 mm each with 14 mm gaps and compute total height.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Blank Sheet Music: Stave Counts, Clefs, and Spacing That Work

Original task 3 / independent drawing and calculation

Task 3

Write a header you add yourself for a treble-only page with eight staves, then judge it against the rubric.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Blank Sheet Music: Stave Counts, Clefs, and Spacing That Work

Original task 4 / independent drawing and calculation

Task 4

Sketch two valid grand-staff page layouts with different gaps and explain why both are acceptable.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Full drawing sheet / reusable blank workspace

Reusable full drawing sheet for Tasks 1 to 4. Print another copy when needed. Keep all original task measurements; if a task specifies larger paper, use that paper size.
