Column Paper: Two- and Three-Column Ruled Writing Pages

Original tasks 1, 2 / independent work

Task 1

A hypothetical sheet is 180 mm wide with 10 mm outer margins on each side and two equal columns separated by a 2 mm center rule. Find each column width.

Task 2

A hypothetical sheet is 240 mm wide with 15 mm outer margins on each side and three equal columns separated by two 1 mm rules. Find each column width.

Column Paper: Two- and Three-Column Ruled Writing Pages

Original tasks 3, 4 / independent work

Task 3

A hypothetical page is 297 mm tall with 15 mm top and bottom margins and a 12 mm header field. At 7 mm per ruled line, how many full lines fit?

Task 4

Design a rubric for a handwritten two-column vocabulary page. The page has a center rule and outer margins. List four criteria and explain why no single exact layout is required.
