Alphabet Lined Paper: Model Row and Ruled Practice

Original tasks 1, 2 / independent work

Task 1

Copy the word cap from the print model row and classify each letter as body-only, ascender, or descender.

Task 2

Sort these print letters into body-only, ascender, and descender: e, h, y, o, d.

Alphabet Lined Paper: Model Row and Ruled Practice

Original tasks 3, 4 / independent work

Task 3

Explain why t should be checked against the model row instead of assumed to reach the top line.

Task 4

Draw a short word of your choice on the practice lines, then self-score it with the rubric.
