Russian Cyrillic Alphabet Chart: Letterforms and Stroke Order (Planned Resource)

Original task 1 / independent drawing and calculation

Task 1

Using the described convention, state the first stroke for the upper case letter K and explain how you would check the remaining strokes.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Original task 2 / independent drawing and calculation

Task 2

Identify the lower case Russian Cyrillic letter that has a vertical stem from midline to baseline and a closed bowl attached to the right side of the stem, and state one shape feature that can vary without making it incorrect.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Original task 3 / independent drawing and calculation

Task 3

Write the upper case form of the letter K, then the lower case form beside it. Note one difference between the two forms.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Original task 4 / independent drawing and calculation

Task 4

Copy the lower case letter в from the described model (stem from midline to baseline, closed bowl attached to the right side of the stem) onto a blank guide row, then use the rubric to judge your copy.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Full drawing sheet / reusable blank workspace

Reusable full drawing sheet for Tasks 1 to 4. Print another copy when needed. Keep all original task measurements; if a task specifies larger paper, use that paper size.
