Writing Paper with Checklist: Self-Checking Handwriting Practice

Original tasks 1, 2, 3 / blank responses

Task 1

On the planned paper, write 'Sam ran fast.' in a printed style. Use the checklist margin to self-check spacing, margins, and letter formation. Score each criterion 0, 1, or 2 using the rubric.

Task 2

A learner writes 'We met.' but the letter 'e' does not reach the midline. The declared style is printed. What should the learner do with the checklist and rubric?

Task 3

Measure a sheet of paper you have. Choose a checklist margin width and a writing area width. Record both in centimeters. Then explain how you would draw the baseline, midline, and top line.
