Printable A5 College-Ruled Paper: Layout, Trim Guide, and Handwriting Checks

Worked example / complete source key

An A5 sheet is 148 mm wide and 210 mm high. Use a hypothetical pitch of 7.1 mm with 1.5 mm top and bottom margins. How many writing intervals fit, and where is the midline above the first baseline?

Answer: Usable height is 210 - 1.5 - 1.5 = 207 mm. Intervals = floor(207 / 7.1) = 29. The midline is 7.1 / 2 = 3.55 mm above the baseline.
