I or Me: Pronoun Case Practice with Worksheet Plan

Worked example / complete source key

Choose I or me: 'The librarian handed the forms to Dev and ___.'

Answer: me

Reason: The pronoun follows the preposition to, so it is in object case. Remove Dev: 'The librarian handed the forms to ___.' 'To me' is grammatical; 'to I' is not. Therefore me is correct.

Check: Substitute both pronouns with Dev removed. Only 'to me' passes. Restore Dev: 'to Dev and me'.
