Dotted-Line Stroke Practice for Handwriting Control

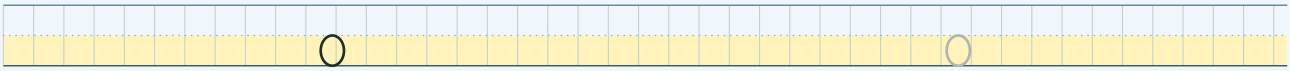

Dotted-Line Stroke Practice Worksheet

vertical tracing

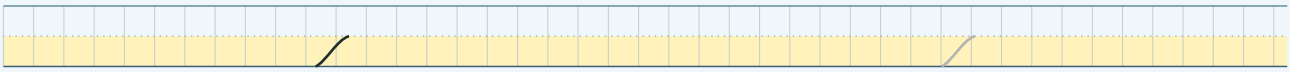

vertical blank copying

curve tracing

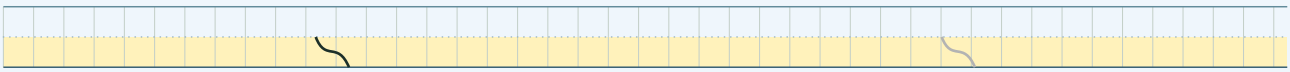

curve blank copying

loop tracing

loop blank copying

combined tracing

combined blank copying

Dotted tracing rows followed by blank copying rows. Example values: baseline-to-midline 8 mm, dot spacing 4 mm, row gap 6 mm. Not standards.

Dotted-Line Stroke Practice for Handwriting Control

Original tasks 1, 2, 3 / blank responses

Task 1

Trace five vertical dotted strokes from midline to baseline, then copy five in the blank row. Baseline-to-midline is 8 mm (example).

Task 2

Trace three gentle curves that start and end on the baseline, then copy three. Keep the curve within the midline.

Task 3

Trace two loops that start at the midline, curve left, cross near the midline, and return. Copy two loops in the blank row.

Dotted-Line Stroke Practice for Handwriting Control

Original tasks 4 / blank responses

Task 4

Trace one combined stroke: a vertical line from midline to baseline, then a curve to the right that ends on the baseline. Copy it once.
