Low Vision Writing Paper: Bold Half-Inch Ruled Sheets

Worked example / complete source key

A practice sheet has four half-inch rows. A writer copies the word 'sun' on the first row, starting just right of the bold margin line. Check that the lowercase letters sit on the baseline and reach the midline, and state one visibility check.

Answer: The word 'sun' is legible, starts just right of the margin line, and its lowercase letters sit on the baseline and reach the midline. Visibility check: view the sheet at writing distance under usual lighting and confirm the horizontal rules and margin line are dark and continuous.
