Music Staff & Guitar Tab Paper: Paired Systems for Notation and Fingering

Worked example / complete source key

In one 4/4 measure, write four quarter notes on the treble staff for the pitches G, A, B, C above middle C. Then write tab numbers below, choosing a playable position. State the string order and check alignment.

Answer: Staff: four quarter notes G, A, B, C above middle C. Tab using standard tuning: G as third fret of high E, A as open B string, B as first fret of B string, C as eighth fret of the high E string (a valid alternative is C as thirteenth fret of the B string). String order top to bottom is high E, B, G, D, A, low E. Each tab number sits directly below its staff note, and the measure ends with a bar line through both staves. Count check: four staff notes and four tab numbers.
