Capital Letter Stroke Tracing: Build Uppercase Letters from Parts

Original task 1 / independent drawing and calculation

Task 1

On a row with baseline, midline, and cap line, trace three vertical strokes from the cap line to the baseline. Start dots are at the top of each stroke. Describe where the pencil starts and stops.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Capital Letter Stroke Tracing: Build Uppercase Letters from Parts

Original task 2 / independent drawing and calculation

Task 2

Trace two diagonals: one from top-left to bottom-right, and one from top-right to bottom-left. Start dots are at the top corners. Describe the direction of each stroke.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Capital Letter Stroke Tracing: Build Uppercase Letters from Parts

Original task 3 / independent drawing and calculation

Task 3

Trace capital E using one vertical stroke and three horizontal strokes. The vertical start dot is at the top-left cap line. The horizontal dots are at the top, middle, and bottom on the right side. List the stroke order.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Capital Letter Stroke Tracing: Build Uppercase Letters from Parts

Original task 4 / independent drawing and calculation

Task 4

Trace capital C as one curve. The start dot is near the cap line on the right side, and the end dot is near the baseline on the right side. Describe the curve and one valid alternative.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Full drawing sheet / reusable blank workspace

Reusable full drawing sheet for Tasks 1 to 4. Print another copy when needed. Keep all original task measurements; if a task specifies larger paper, use that paper size.

Capital Letter Stroke Tracing: Build Uppercase Letters from Parts

Task 1 / trace and independent copies

Follow this lesson pen order / print scale 1 / dimensions describe the original drawing

Downstroke 1

Trace
Downstroke / frame 5 x 24 mm

Downstroke 2

Trace
Downstroke / frame 5 x 24 mm

Downstroke 3

Trace
Downstroke / frame 5 x 24 mm

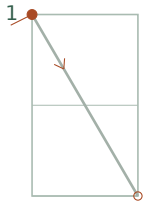

One chosen guide layout, not a handwriting standard. Solid starts; open unshared ends.

Capital Letter Stroke Tracing: Build Uppercase Letters from Parts

Task 2 / trace and independent copies

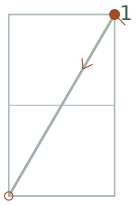

Follow this lesson pen order / print scale 1 / dimensions describe the original drawing

Top-left to bottom-right

Trace
Right-down diagonal / frame 14 x 24 mm

Top-right to bottom-left

Trace
Left-down diagonal / frame 14 x 24 mm

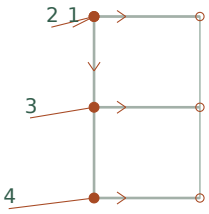

One chosen guide layout, not a handwriting standard. Solid starts; open unshared ends.

Capital Letter Stroke Tracing: Build Uppercase Letters from Parts

Task 3 / trace and independent copies

Follow this lesson pen order / print scale 1 / dimensions describe the original drawing

E / stem, top, middle, bottom

Trace
E / frame 14 x 24 mm

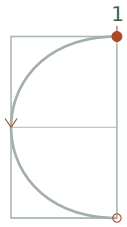

One chosen guide layout, not a handwriting standard. Solid starts; open unshared ends.

Capital Letter Stroke Tracing: Build Uppercase Letters from Parts

Task 4 / trace and independent copies

Follow this lesson pen order / print scale 1 / dimensions describe the original drawing

C / one curve from upper-right to lower-right

Trace
C / frame 14 x 24 mm

One chosen guide layout, not a handwriting standard. Solid starts; open unshared ends.
