Capital and Small Letter Tracing Worksheet: Paired Practice

Original tasks 1, 2 / independent work

Task 1

A row shows capital D and lowercase d. The lowercase d has its bowl between baseline and midline, but its tall stem stops at the midline. Describe the correction using the x-height convention.

Task 2

A learner writes lowercase a in a single-story style on one row and a double-story style on the next row. Is this acceptable under the rubric? Explain.

Capital and Small Letter Tracing Worksheet: Paired Practice

Original tasks 3, 4 / independent work

Task 3

A row pairs capital G with lowercase q. Identify the pairing error and state the correct partner for capital G.

Task 4

A learner traces capital M and lowercase m, but the lowercase m sits entirely above the baseline, floating between midline and top line. Using the guide lines, explain the placement error and the correction.
