Clothes Drawing: Garment Silhouettes and Fold Cues

Original task 1 / independent drawing and calculation

Task 1

Draw a pair of pants laid flat. Use a waist width of 5 cm and an outseam length of 12 cm (waist to hem). Add two compression folds behind each knee and one gravity fold from the waist. Describe your landmark checks.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Clothes Drawing: Garment Silhouettes and Fold Cues

Original task 2 / independent drawing and calculation

Task 2

Draw a jacket with a 7 cm shoulder width and 10 cm hip length. Add a collar line, two tension folds from the shoulder to the chest, and one gravity fold hanging from the waist toward the front hem. Explain why each fold is placed where it is.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Clothes Drawing: Garment Silhouettes and Fold Cues

Original task 3 / independent drawing and calculation

Task 3

Redraw the shirt from the worked example but change one sleeve to be bent at the elbow. Keep the same 6 cm shoulder width and 9 cm length. Add tension and compression folds for the bent sleeve, and state how you checked the change.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Clothes Drawing: Garment Silhouettes and Fold Cues

Original task 4 / independent drawing and calculation

Task 4

Create a fold-cue reference panel for three garments: shirt, pants, and jacket. For each, list one pull point, one compression point, and one gravity support, then draw one fold for each cause. Use the single-line-with-hook convention.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Full drawing sheet / reusable blank workspace

Reusable full drawing sheet for Tasks 1 to 4. Print another copy when needed. Keep all original task measurements; if a task specifies larger paper, use that paper size.
