Ordinary topic reference. Hypothetical dimensions in the four tasks are supplied in their own text; this illustration is not their measured answer.

Draw a Vampire Figure: Cape, Fangs, and Pose

Worked example / complete source key

Draw a vampire standing with one arm raised, cape draped from the shoulders, and two visible fangs. Use the construction sequence.

Answer: A completed drawing showing a balanced figure with a raised arm, a cape that falls in curved folds from the shoulders, and a head with two small triangular fangs. The pose is readable and the cape does not hide the limbs.
