Firefighter Drawing: Gear and Pose Construction Guide

Topic reference / ordinary illustration

Ordinary topic reference. Hypothetical dimensions in the four tasks are supplied in their own text; this illustration is not their measured answer.

Firefighter Drawing: Gear and Pose Construction Guide

Worked example / complete source key

A figure is eight head units tall. The coat is four head units tall and has two bands placed at one unit and three units from the hem. What is the distance between the two bands?

Answer: Two head units. The bands sit at one unit and three units from the hem, so the difference is three minus one equals two head units.
