# Face Shape Drawing: Compare Oval, Square and Heart Outlines

Original task 1 / independent drawing and calculation

## Task 1

Using a 10 cm by 14 cm rectangle with midlines and third lines, describe where to place the eye line, nose base and mouth line for an oval outline.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

# Face Shape Drawing: Compare Oval, Square and Heart Outlines

Original task 2 / independent drawing and calculation

## Task 2

A square outline on a 12 cm by 16 cm guide has sides that bow outward like an oval. State one adjustment and one check.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

# Face Shape Drawing: Compare Oval, Square and Heart Outlines

Original task 3 / independent drawing and calculation

## Task 3

Draw a heart outline on a 12 cm by 16 cm guide. Describe the top dip and the lower taper, then give one symmetry check.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

# Face Shape Drawing: Compare Oval, Square and Heart Outlines

Original task 4 / independent drawing and calculation

## Task 4

Compare your oval, square and heart outlines. List two things that must stay the same and one thing that should change.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

## Full drawing sheet / reusable blank workspace

Reusable full drawing sheet for Tasks 1 to 4. Print another copy when needed. Keep all original task measurements; if a task specifies larger paper, use that paper size.
