Draw Snowfall: Flake Shapes and Shading

Original worked example / unchanged complete key

Prompt: Draw a small snowfall field on a 10 cm by 10 cm square. Place three large foreground flakes, five medium middle flakes, and seven small background flakes. Use values 3 or 4 for foreground, 2 or 3 for middle, and 1 or 2 for background. Check that each flake has equal arm length and that the field has at least two gaps.

Answer: A completed field with three large flakes (values 3,4,3), five medium flakes (values 2,3,2,3,2), and seven small flakes (values 1,2,1,2,1,2,1). Foreground average value is 3.33, middle is 2.4, background is 1.43. Two clear gaps are visible. Each flake uses one variant and equal arm length.
