Anime Hand Drawing: Gesture and Finger Construction

Original tasks 1, 2 / independent work

Task 1

Draw a pointing hand with the index finger extended and other fingers curled. Use a gesture line, palm block, and tapered fingers. State your palm width and length convention.

Task 2

Draw a relaxed fist. Use a gesture line that curls inward. Block the palm and construct fingers folded toward the palm. Include the thumb across the fingers.

Anime Hand Drawing: Gesture and Finger Construction

Original tasks 3, 4 / independent work

Task 3

Draw an open hand with fingers slightly spread. Use the convention: palm width 5 cm, palm length 7.5 cm; middle finger 7.5 cm; index and ring 6.75 cm; pinky 5.25 cm. These are hypothetical examples.

Task 4

Draw a hand holding a simple cylindrical object (a pencil). Show the thumb and fingers wrapping the cylinder. Use a gesture line and palm block.
