Mule Deer Drawing: Body, Ear, and Forked Antler Construction

Original task 1 / independent drawing and calculation

Task 1

Using U = 3 cm, draw a side-view mule deer body with length 3.5 U and shoulder height 2.5 U. Add four legs each 1.2 U long. Do not add ears or antlers yet.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Mule Deer Drawing: Body, Ear, and Forked Antler Construction

Original task 2 / independent drawing and calculation

Task 2

Draw two mule deer ears with length 0.8 U and width 0.45 U using U = 4 cm. Place them at 10 o'clock and 2 o'clock on a head oval. Add inner ear lines that stop short of the tips.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Mule Deer Drawing: Body, Ear, and Forked Antler Construction

Original task 3 / independent drawing and calculation

Task 3

Draw one antler with a main beam 1.5 U long using U = 2 cm. Add a main fork at two-thirds of the beam, with two branches each 0.5 U long. Add a secondary fork on the outward branch. Do not let branches cross.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Mule Deer Drawing: Body, Ear, and Forked Antler Construction

Original task 4 / independent drawing and calculation

Task 4

Combine the body, ears, and antlers into one side-view mule deer drawing using U = 2.5 cm. Body length 3.5 U, shoulder height 2.5 U, ear length 0.8 U, ear width 0.45 U, main beam 1.5 U, branches 0.5 U. Add eye, nose, and hooves.

Keep the original task measurements. Use the full drawing sheet in this PDF for a response needing more room; use the stated paper size when a task specifies larger paper.

Full drawing sheet / reusable blank workspace

Reusable full drawing sheet for Tasks 1 to 4. Print another copy when needed. Keep all original task measurements; if a task specifies larger paper, use that paper size.

Mule Deer Drawing: Body, Ear, and Forked Antler Construction

Task 1 / practice

Mule-deer construction / all units are hypothetical classroom choices / labelled mm print 1:1

Use your original U. Task 1 is body and four legs only; Task 2 isolates ears; Task 3 isolates one antler. Unknown head/context dimensions must be stated choices, not invented task givens.

Independent drawing field / use the original task and record your own checks.

Mule Deer Drawing: Body, Ear, and Forked Antler Construction

Task 2 / practice

Mule-deer construction / all units are hypothetical classroom choices / labelled mm print 1:1

Use your original U. Task 1 is body and four legs only; Task 2 isolates ears; Task 3 isolates one antler. Unknown head/context dimensions must be stated choices, not invented task givens.

Independent drawing field / use the original task and record your own checks.

Mule Deer Drawing: Body, Ear, and Forked Antler Construction

Task 3 / practice

Mule-deer construction / all units are hypothetical classroom choices / labelled mm print 1:1

Use your original U. Task 1 is body and four legs only; Task 2 isolates ears; Task 3 isolates one antler. Unknown head/context dimensions must be stated choices, not invented task givens.

Independent drawing field / use the original task and record your own checks.

Mule Deer Drawing: Body, Ear, and Forked Antler Construction

Task 4 / practice

Mule-deer construction / all units are hypothetical classroom choices / labelled mm print 1:1

Use your original U. Task 1 is body and four legs only; Task 2 isolates ears; Task 3 isolates one antler. Unknown head/context dimensions must be stated choices, not invented task givens.

Independent drawing field / use the original task and record your own checks.
